## THEN

1914 the Wilde family founded a dental factory named Wilde in the Rheingau region of Germany. In the 60s more than 500 people were working on synthetic prosthetics. Based on this knowledge the idea for the foundation of Wilde Cosmetics was born.

The light-curing resins were used to extend and strengthen fingernails. This was the birth of "Light Concept Nails" which during the following years was cut short into the brand name "LCN".

## NOW

You – our client – are the measure of all things. Your needs are always at the focus of our attention and our actions. This is the foundation of a cooperative relationship.

In doing so we do not see ourselves merely as a manufacturer and seller. We offer comprehensive and on-going training options for all product areas and applications. Our employees are highly motivated as well as competent and reliable persons of contact.

## BONDING ENHANCERS

LCN bonding enhancers optimize the bonding properties of LCN UV-Gels that already contain bonding ingredients. Bonding enhancers are an integral part in a classic nail sculpting and should always be applied extremely thin. All LCN bonding enhancers are compatible with all LCN UV-Gels.

### Bio Bond – UV-Bonding enhancer

For dry, brittle, damaged nails and for nails tending towards hairline liftings.

EFFECT: Nourishing natural nail restorer; protection of natural nails from acid; bonding enhancement before nail sculpting; prevention of hairline liftings (if applied before sealing).

CHARACTERISTICS: Contains Urea and L-Cystein (amino acids) as well as organic bonding substances; acid free

Art.-No.	Contents
20546	10 ml

### Connex – Bonding enhancer

For moist, oily natural nails and for nails tending towards hairline liftings

EFFECT: Bonding enhancement before nail sculpting; prevention of hairline liftings (if applied before sealing)

CHARACTERISTICS: Cures within 2 minutes in the air (without light unit); acid free

Art.-No.	Contents
20280	10 ml

### AFO Nail Foundation - Bonding enhancer

For clients with oily nails that tend towards extreme liftings.

EFFECT: Bonding enhancement before nail sculpting; prevention of hairline liftings

CHARACTERISTICS: Cures within 2 minutes in the air (without light unit); contains acid

Art.-No.	Contents
21339	10 ml

## BONDING AGENTS

LCN offers tailor made solutions which meet each individual nail types needs. The utmost attention is paid to the highest bio compatibility and skin-compatibility for all LCN UV-Gels. LCN bonding agents optimize the bonding capabilities of LCN UV-Gels which contain bonding properties. Bonding agents are a essential part of a classical nail sculpting and should always be applied extremely thin. All LCN bonding are compatible with all LCN UV-Gels.

### Ultra Bond - UV-Bonding agent

Suitable for normal and dry nails.

EFFECT: Normal bonding

CHARACTERISTICS: Acid free, available in a bottle with brush

Art.-No.	Contents
21389	10 ml

## COLOUR & EFFECT

From discreet to glamorous - LCN Colour & Effect UV-Gels offer a variety of colours and extraordinary special effects.

The high opacity of LCN Colour & Effect UV-Gels requires a thin application. To intensify the colouring a second layer - also thin - can be applied.

All LCN Colour & Effect UV-Gels are compatible with all LCN UV-Gels.

### Nail Art UV-Gel

Discover the new LCN Nail Art Gels without dispersion layer. Draw delicate lines and opaque shades with a Nail Art brush of your choice. Available in the colours white (-1) and black (-2). Recommendation: apply in a thin layer

Art.-No.	Contents
21363-...	5 ml

### Pastel Base Gel

For a striation free result of light pastel colours.

Offers an even application for all light curing colour systems: as a base (an extremely thin layer) on top of sculpted nails / massage into natural nails, cap the free nail edge and cure. Now apply the colour system of your choice directly on top of the dispersion layer.

Art.-No.	Contents
92249	10 ml

### Colour Gel - UV-Gel

## RECOLUTION ADVANCED SOAK-OFF

Recolution Advanced the No. 1 Soak-off System in European Salons! This 100 % solvent free Soak-off colour system strengthens natural nails. The high flexibility as well as the extremely strong bonding capacity to the natural nail minimizes possible liftings as well as chipping. Apart from its easy application this absolute revenue guarantor offers an intensive and long lasting opacity. Even easier in its application, this new Recolution texture resembles a Nail polish. A smooth application, even better durability and a faster removal process are the results of our intensive revision.

## NATURAL NAIL BOOST (NNB)

STRENGTHEN, PROTECT, GROW - experience naturally beautiful and strong nails with the Natural Nail Boost (NNB) System.

In many cases women (and men) suffer from brittle, soft and chipping nail plates. And/or the natural nail can be extremely stressed and weakened. In addition grooves and uneven nail surfaces don't offer themselves as a perfect polishing surface.

The Natural Nail Boost (NNB) System functions as a protective shield and prepares the nail surface optimally for the application of nail polish.

### Starter set Natural Nail Boost Gel + Light Unit

Natural Nail Boost Light Unit  
 Natural Nail Boost Gel "Keratin", 10 ml  
 Natural Nail Boost Care Set (Contents: Natural Nail Boost Oil, 16 ml and Natural Nail Boost Cream, 15ml; 3-sided Polish file)  
 Natural Nail Cleaner, 50 ml  
 Natural Nail Boost Shine Finish, 50 ml  
 Cotton swabs, 25 pcs

Art.-No.	Contents
21302	1 Set

### Natural Nail Boost Gel

The Natural Nail Boost System (NNB) protects the natural nail and provides beautifully, strong and evenly growing nails. Natural Nail Boost Gel is a solvent resistant Permanent-Gel polish and is applied in a very thin layer that offers a perfect polish base. Available in different variations.

## FUSION POLY-ACRYL GEL

The perfect combination of Acrylic & Gel.

The Fusion Poly-Acryl Gel is flexible like gel and yet stable like Acrylic. This perfect sculpting consistency prevents product from running into the nail fold and does not cure prematurely. A fast and easy application is not only fun but also completely odourless. Poly-Acryl Gel can be optimally shaped with the LCN Fusion Form Liquid.

### Fusion Poly-Acryl Gel Next Level

Fusion Poly-Acryl Gel is flexible like Gel yet stable like Acrylic. With a perfectly mealable consistency it prevents any running into the nail folds without premature curing. Immediately available in a practible tube.

SCULPTING PROPERTIES: doesn't flow

EFFECT: elastic like Gel and stable like Acrylic

CHARACTERISTICS: acid free; no mixing required, odorless;

COLOURS: (-1) clear; (-2) camouflage nude; (-3) camouflage glimmer; (-4) french white

Curing: LED: 90 –120 seconds depending on the type of lamp used and application thickness; UV-unit: 2 minutes

Art.-No.	Contents
91991-1	clear, 50 ml
91991-2	camouflage nude, 50 ml
91991-3	camouflage glimmer, 50 ml
91991-4	french white, 50 ml

### Liquid Easy Modelling

Solution for a perfect application and easy shaping of Fusion Poly-Acryl Gel.

Recommendation: moisten LCN Tool before removing product and brush before shaping of the nail with this solution.

Art.-No.	Contents
91925	15 ml

### Dappen Dish with lid

Transparent glass container with lid for storing the Fusion Form Liquid.

Art.-No.
20588

### Fusion Gel Double Tool

Special tool for the application of Fusion Poly Acryl Gel.  
The spatula side enables a precise measuring of the Fusion Poly Acryl Gel. The brush on the opposite side is used for the Fusion Form Liquid to enable a perfect sculpting of the gel.

Art.-No.  
21412

### Poly-Acryl Gel Brush

With the Poly-Acryl brush you will perfect the product application for your nail sculpting. With its straight brush-edge it is ideally suitable for delicate applications and the sculpting of gels. It convinces with the optimal tension of the pre-shaped tip of the brush. The metal clamp is acetone resistant.

Art.-No.  
91187

### Dual Forms Tip Box

Practical tips to support nail sculpting with the Fusion Poly-Acryl Gel.  
Reusable

1. Prepare nails as usual
2. Select the correct size for each nail
3. Fill form to the desired length with the "Fusion Poly-Acryl Gel"
4. Carefully press form onto nail (remove excess product along the nail edge) and cure in a light unit
5. Now remove the flexible tip – the result: a perfect C-curve
6. File nail at the free edge into shape, smooth the surface and seal it

Art.-No.  
21415

Contents  
12 sizes - 10 pcs each

## BRUSHES

Special brushes for the professional work with LCN UV-Gels and Acrylic.

### Protech1 Gel Brush

This brush allows a softer sculpting and application of light curing resins.

Art.-No.

33650	Tip box mixed, 250 pcs.

### Nail Tip Type 100 E

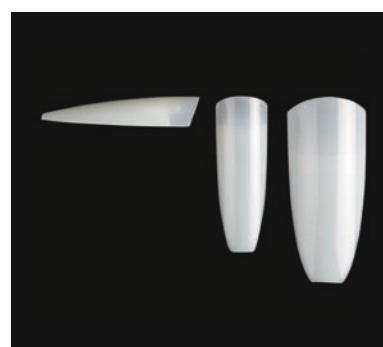

For the extension of short to medium length nails.

PROPERTIES: Milky-white Tip

EFFECT: Especially natural appearing nails

CHARACTERISTICS: Standard C-Curve, easy filing, corresponds to nail beds of european standard (no snub nose- or claw-shaped nails) SIZES: (-01) - (-10)

Art.-No.	Contents
31000-..	50 pcs./size
31250	Tip box mixed, 250 pcs.

### Fastener Rapid

Special adhesive for nails.

PROPERTIES: Cyan-acrylate based

EFFECT: Extremely fast adhesion

CHARACTERISTICS: Thin-viscosity

Art.-No.	Contents
30039	4 g
30040	10 g

### Brush Glue

Special adhesive for nails.

PROPERTIES: Cyan-acrylate based

EFFECT: Adheres within seconds

CHARACTERISTICS: Easy application due to brush provided, medium viscosity

Art.-No.	Contents
43433	10 g

### Gel Glue

Special adhesive for nails.

PROPERTIES: Cyan-acrylate based

EFFECT: Adheres fast but leaves time for adjustments

CHARACTERISTICS: Gel type consistency

Art.-No.	Contents
43396	3 g

## ACCESSORIES

Accessories and tools for the professional work in nail salons.

### Nail Art Stone

Your perfect helper to create individual colour creations. Washable and easy to clean. Diameter 10 cm

Art.-No.
91996

### Cleaner

To degrease natural nails.

PROPERTIES: solvent based, alcoholic solution

EFFECT: degreases natural nails

CHARACTERISTICS: to degrease natural nails before nail sculpting

Art.-No.	Contents
30001	100 ml
30002	500 ml

### LCN apron

Apron made of a fabric mix of 65% polyester and 35% cotton.  
Embroidered with a white or black LCN logo, adjustable neck band and two front pockets.  
Length: 82 cm. Available in black and white.

Art.-No.	Contents
88395	black
88520	white

### Face mask with wire

Practical face mask with integrated wire. This mask adjusts itself to any facial feature.

Art.-No.	Contents
91794	50 pcs.

### Nail Prep

To degrease natural nails

PROPERTIES: Soft, alcoholic solution

EFFECT: Degreases natural nails

CHARACTERISTICS: Recommended in context with Revolution Advanced applications.

Art.-No.	Contents
21071	50 ml

### Super Shine Finish Cleaner

As a finish for the completed sculpted nail

PROPERTIES: Cleaning- and nourishing solution

EFFECT: Perfect shine and care

CHARACTERISTICS: Removes the dispersion layer, polishes the finished nail surface and nourishes the cuticles

Art.-No.	Contents

## WOW HYBRID GEL POLISH

The polish with WOW-Effect – for a perfect gel-look completely without the use of a light unit!

This system with WOW-Factor evens out ridges in natural nails and offers, thanks to its "Plumping-Texture" an even and ultra shine surface. For ultra long durability – up to 10 days. 100% vegan!

GET THE WOW BUZZ! #WOWHYBRIDGEL

### WOW Hybrid Gel Polish

Innovative 2-phase polish system. It combines the advantages of a soak-off and nail polish system. The photo initiators contained in the WOW Hybrid Gel Top Coat cross-link with the oligomers contained in the WOW Hybrid Gel Polish and therefore enable a longer durability as conventional nail polishes.

The original WOW Hybrid Polish Plumping-Texture provides an ultra shiny gel look that evens out ridges and unevenness in natural nails perfectly. Apply the colour polish in two thin layers on cleansed nails and seal with the WOW Hybrid Gel Top Coat. No UV or LED light unit necessary! Remove with acetone free nail polish remover. Please quote colour number (refer to colour chart)

Art.-No. 45077-.. Contents 8 ml

### WOW Hybrid Gel Top Coat, super fast

Super fast drying Top Coat. Offers an ultra shiny Gel-Finish.

Tip: Durability and shine of colours can be extended by applying a fresh coat every 2 days.

Art.-No.	Contents
91328	Assortment of 3 + Tester

### B|S-BRACES

Synthetic brace to lift the lateral nail edge out of the nail fold. This brace is especially suitable in the treatment of ingrown toe nails or corns situated in the nail fold.

In addition this brace is waterproof and can also be covered up with Nail Polish. As a result of glueing the B / S-brace onto the nail we achieve a kind of lever action. The restoring forces developing at the two ends of the B / S brace will lift the lateral nail edge out of the nail fold and correct the nail.

Application: Prepare nails as usual and degrease it. File the ends of the brace into shape if necessary and glue it onto the nail. Leave to dry for 10 seconds and then file the brace thinner.

Available in 3 different sizes (-16; -18; -20).

Art.-No.	Contents
91168-..	10 pcs.

### UREA

Highly effective foot care series containing Urea to reduce callused skin, renew skin cells and to balance the skins natural protective function due to its moisture binding capacity.

#### Urea 15% Foot Bath

Enriched with the physiological, natural moisturizing factor urea, sea salt and regenerating allantoin this Urea 15% Foot Bath acts like a Wellness Cocktail for stressed feet. Essential oils derived from oranges, spruce needle and mountain pine leave a silky soft feeling.

This product is vegan.

Art.-No.	Contents
64174	600 g

#### Urea 40% Chapped Skin Cream

Ointment like balm with 40% Urea reduces callused skin with the help of fruit acids particularly fast and effective. Added as additional support are soothing panthenol, nourishing bees wax and anti-inflammatory sage.

Art.-No.	Contents
64163	50 ml

### Urea 10% Foot Cream

Urea 10% Foot Cream containing 10% Urea, saccharid isomerate and provitamin B5 is especially suitable for extremely dry feet. Glycerin and allantoin provide moisture and soothe the skin. Jojoba-oil regulates the balance of the skins moisture contents and smoothes the skin.

Art.-No.	Contents
64120	100 ml
91213	1000 ml with dosage pump
65038	3 ml Sachet

### Urea 10% Foot Mask

Rich Urea 10% Foot Mask. Active ingredients such as 10% moisturising urea, almond oil, vitamin A and E as well as shea butter ensure that the protective layer of the skin regenerates faster, the skin is vitalized, sustainably nurtured and optimally supplied with moisture. The calming components such as panthenol, allantoin and bisabolol provide the skin with a special relaxation effect when it is applied.

Art.-No.	Contents
64125	100 ml
91212	1000 ml with dosage pump

### Urea 10% Express Foot Spray

Urea 10% Express Care Foot Spray is ideal for the quick care in between or to finish off a treatment. Due to the moisturizing ingredients such as 10% urea, saccharides isomerates, provitamin B5 and allantoin the skin immediately becomes soft and noticeably supple. The carbohydrate mixture saccaride isomerate is an imitation of the human carbohydrate fraction in the skin and increases the water-binding capacity – even of very dry skin. Jojoba oil possesses an extremely high skin compatibility. This product is vegan.

Art.-No.	Contents
64127	120 ml

### Urea 25% Foot Balm

Fast absorbing foot balm especially developed for callused areas. Allantoin, glycerin and panthenol provide moisture. Contains a special 7 wild-herb-extract. The 25% Urea ensure velvety soft feet.

Art.-No.	Contents
90709	75 g

### Urea 10% Foot Foam

This nourishing foam with a 10% Urea contents is perfect for dry and cracked feet. This moisturizing formulation absorbs fast and nourishes the skin intensively. Prevents cornification and absorbs quickly without leaving an oily layer behind. Vegan

Art.-No.	Contents
91984	125 ml

### Display Urea

Contents: Urea 15% Foot Bath, 120 g; Urea 40% Chapped Skin Cream, 50 ml; Urea 10% Foot Cream, 100 ml; Urea 10% Foot Mask, 100 ml; Urea 10% Express Foot Spray, 120 ml; Urea 25% Foot Balm, 75 g.

Art.-No.	Contents
89717	50 pcs.

## ACCESSORIES & TOOLS

Accessories and Precision tools for the professional pedicure.

### Curette

The curette is used for cleaning the underside of the free nail edge as well as removing skin or adhesives from the nail furrow and close to the cuticle.

Art.-No.  
91225

### Edge File

This edge file has two different sides (curved/straight) - for full flexibility.

Art.-No.  
91233

### Nail Edge Nipper

This nail edge nipper is due to the long, narrow cutting surface ideal for delicate work in the folds. Stainless, matted.

Art.-No.  
91230

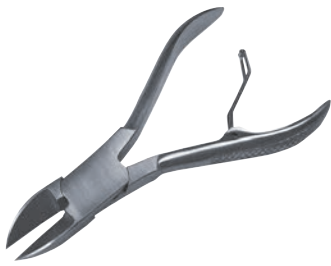

### Edgelifter / Excavator

Due to its large, fine ends this edgelifter is perfectly suited to treat nail edges.

Art.-No.  
91231

#### Nail Cutter for pedicures, 10 cm

This nail cutter for pedicures cuts sturdy nails with a minimum of exertion. Usable right or left handed.

Stainless, matted.  
Length 10 cm

Art.-No.  
91235

#### Cuticle Nipper with a scissorhandle

This cuticle nipper is easy to handle and cuts delicate cuticle skin clean and precise.

Art.-No.  
91234

#### Cuticle nipper, 10 cm

Cuticle nipper for a precise removal of cuticle skin. Length 10 cm.

- » High-quality workmanship
- » Stainless steel
- » Can be sterilized
- » Matt-finish optic
- » Polished cutting edge

Art.-No.  
91236

#### Head cutter, 14 cm

Classical head cutter to shorten toe nails. Length 14 cm.

- » High-quality workmanship
- » Stainless steel
- » Can be sterilised
- » Matt-finish optic
- » Polished cutting edge

Art.-No.  
91237

#### Face mask with wire

Practical face mask with integrated wire. This mask adjusts itself to any facial feature.

Art.-No.                      Contents  
91794                      50 pcs.

### Hygienic paper mat for hands & feet

Hygienic disposable foot mat for your Salon. Foot mat will be changed after each treatment.

Art.-No.	Contents
91858	50 pcs.

### Disposable Gloves

Hygiene article. Available in the sizes (XS), (S) and (M). Please state size when ordering.

Art.-No.	Contents
32614-..	Nitril pink, 100 pcs.

### Poster "Foot" 2021

DIN A1

Art.-No.
65198

### Professional Spot Swirl

Double sided spot swirl for the placement of rhinestones and for Nail Art as well as individual Nail Art Creations and French applications.

Art.-No.
45114

### Callus exchangeable file

Sturdy callus file with self-adhesive filing surfaces. Ideal for a hygienic removal of rough and callused skin.

Art.-No.	Contents
91855	Exchangeable file body
91862	File surface (80), 12 pcs.
91863	File surface (120), 12 pcs.

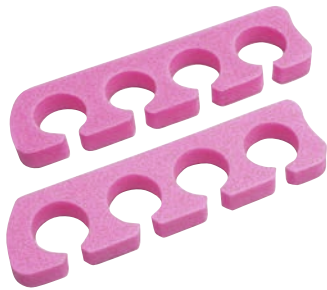

**Callus File Modern Line**

This file is especially easy to handle and removes calluses thoroughly and effectively. Washable and spray disinfectable.

Grit 80/120.

Art.-No.  
20789

**Toe Separator**

These toe separators are optimal polishing aids for pedicures. Available in (-2) soft. Delivery will be in various colours.

Art.-No.	Contents
30085-2	1 pair, soft

**Foot bath bowl**

Foot bath bowl for relaxing foot baths and the perfect preparation for pedicures. Also available, disposable inserts for a hygienic workflow. Capacity 13 l

Art.-No.  
90940

**Hygiene inserts for foot bath bowl**

Inserts for the LCN foot bath bowl (Art.-No.: 90940). For hygienic foot baths. Picture shows foot bath with insert. (foot bath bowl has to be ordered separately).

Art.-No.	Contents
90941	100 pcs.

**Gel Sculpting Brush**

Brush made of synthetic hair with a wooden handle for sculpting. Available with a pointed tip or a flat application tip.

Art.-No.	Contents
20085-4	pointed
20086-3	flat

### Connex Brush

This thin LCN brush with synthetic hair is exceptionally suitable for the application of the air drying LCN bonding enhancer Connex silver plus with AM factor.

Art.-No.  
20087-03

### Nail Brush

Plastic brush with medium-soft bristles for a gentle cleaning of nails during nail treatments. Washable, spray disinfection.

Art.-No.  
90229

### Dust Brush

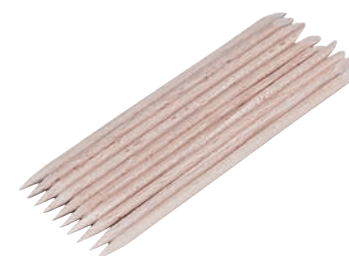

File dust is thoroughly removed from nails with this firm dust brush.

Art.-No.  
30044-3

### Rosewood Sticks, long

Rosewood sticks are your perfect companion for every manicure: Cuticle skin can be pushed back perfectly with the slanted side. The pointed side is ideal to remove polish mishaps or to clean the free nail edge.

Art.-No.	Contents
30046	10 pcs.

### Cotton swabs

Especially absorbent swabs for cosmetic use. Non pilling.

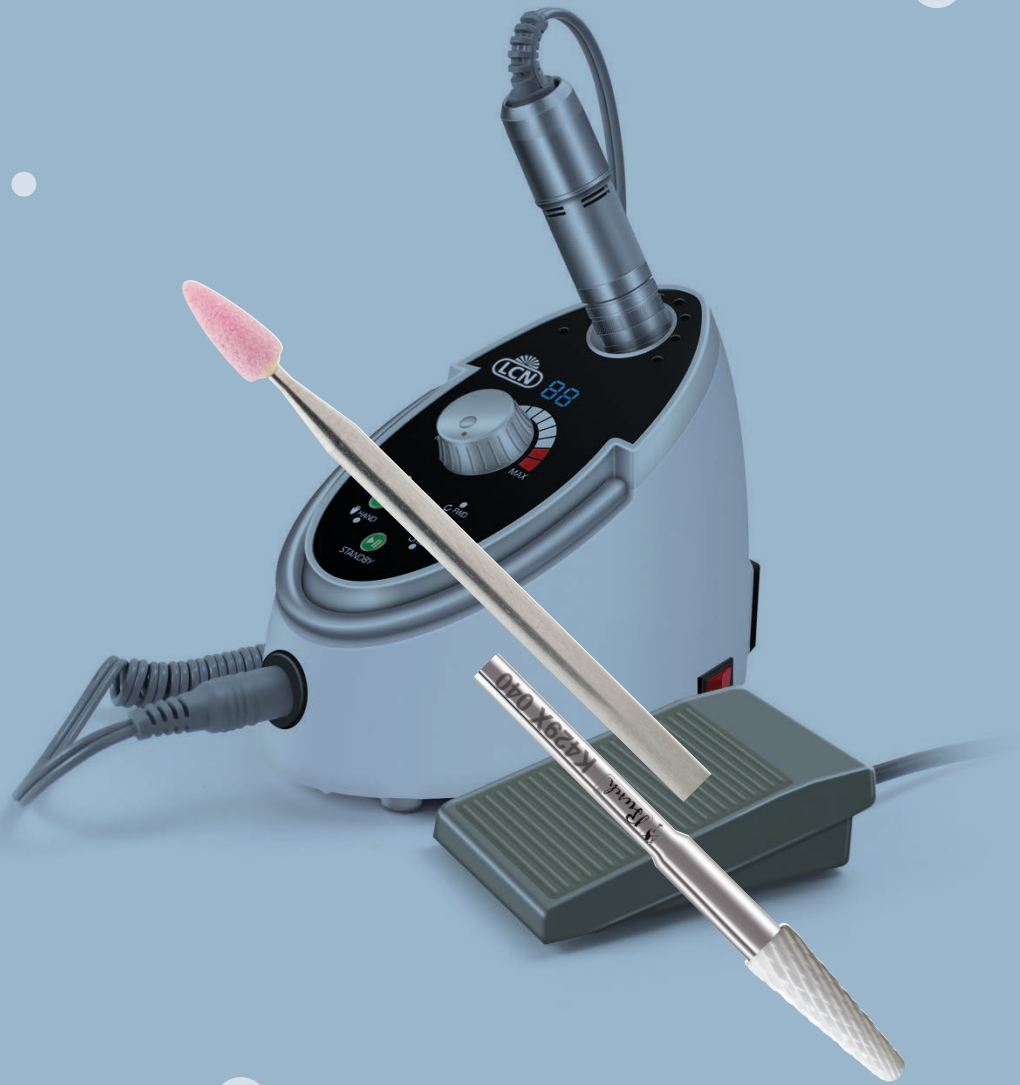

Art.-No.	Contents
30080-1	500 pcs.

### Foot Care Guide

Guide for beginners as well as advanced in the world of professional LCN pedicures. Inclusive explanations of active ingredients as well as tips for applications and Step-by-Step treatments.

Art.-No.  
1502069

units

## LIGHT CURING UNITS

The high quality LCN light curing units are suitable for the polymerisation of light curing resins

### Combine Cure & Shine LED & UV Light Unit

The combination of LED and UV-bulb technology enables an absolutely precise curing and offers ultra shiny results. As already indicated by the name this attractive unit combines the safety of the proven UV-bulb system with the speed of the LED technology. The small UV-Spots are the evolution of bulbs and form in combination with the LED spots an unbeatable synergy for professional results. The incorporated Soft Button function enables a pleasant workflow even with heat sensitive clients. With this function the curing power and heat development are being increased slowly from 60% to 100%.

Technical data:  
 Wattage: 36 W  
 Number of LEDs (400 nm): 8  
 Number of UV-Spots (365 nm): 10  
 Measurements: W: 205 mm, H: 84 mm, D: 176 mm

Art.-No.	Contents
90423-..	Unit

### LED-Unit SkyPRO "silver grey"

This LED-Unit is equipped with an optimal heat management. It is optimally suited for continuous use in Salons and convinces with quality and highest comfort. 14 LED's make sure all LCN resins are cured in just 60 seconds. In addition this LED-Unit has two additional time intervals of 15 and 30 seconds – for even more flexibility. A automatic light barrier controls the LED activity when placing a hand into the unit and when pulling it out. A movable hand rest offers even more comfort and prevents a bumping of finger nails against the Unit's housing.

Technical Data:  
 » Voltage: 100–240 V, 50–60 HZ  
 » DC: 12 V 2 A  
 » Wavelength: 395-405 Nanometer  
 » Number of integrated LEDs: 14  
 » Measurements (W / D / H): 28,5 cm x 25 cm x 12,5 cm  
 » Weight: 850 g

Art.-No.	Contents
13138	Unit
13137	Handrests 5 pcs.

### Perfect Curve Cure

This lightweight LED light unit from LCN is a perfect companion for mobile treatments. The ergonomic shape of this light unit adjusts itself perfectly to the arch of feet. Therefore an ideal unit for light curing pedicures.

Technical data:

Number of LED's: 18

Wattage: 36W

Voltage: 100-240 Vac 50/60 Hz 0,5A

Measurements: 210 x 120 x 80 mm

Art.-No.	Contents
13150	Unit

### SMALL LED light unit

This high performance and very handy LED unit guarantees curing of all LCN resins in only 60 seconds.

PROPERTIES: small, handy unit; especially suitable for home use

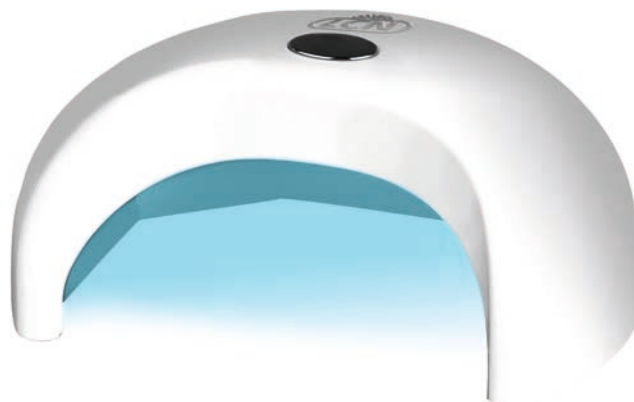

CHARACTERISTICS: Two step curing (four fingers, thumb separately)

Technical Data

Voltage: 230 V

Power supply: 5 V, 6 W

Measurements: Width: 101 mm; Hight: 60 mm; Depth: 130 mm

Art.-No.	Contents
21204	Unit

### Hygienic Paper Sheets

Hygienic paper sheets for LCN light units (except for the skyPRO unit). Remove a new sheet from the block for every customer and place into the light unit. 50 sheets.

Art.-No.	Contents
60568	50 sheets

## FILING UNITS

These precision units are suitable for professional use in Nail Salons as well as for pedicures

### Excellent File Unit

Ergonomic, space saving, optically appealing and extremely effective!

Advantages at a glance:

- Integrated dust extraction
- Efficient, quiet extraction motor
- Operating hours counter with reset button
- New graphic display (monochrom, 128x64 pixel)
- Extraction hose with integrated connection contacts for the hand piece (firmly connected to the filter chamber cover)
- Ergonomically shaped, lightweight hand piece
- Continuously adjustable speed/extraction by rotating knobs

Technical data:

Connection: 230V / 50 Hz (115V 50/60 Hz option)

Power input: max. 350 VA

Micro motor hand piece: max. 50 Watt / 24 Volt / 30.000 U/min

Vacuum motor: max. 300 Watt

Measurements unit: (W x H x D) 320 x 125 x 220 mm

Measurements suction hand piece: L = 118 mm, D= 17-27-31 mm

Weight: approx. 4000g (set)

Art.-No.	Contents
92280	Unit
16016	Filterbags for podiatry
16017	Filterbags for nails

### Advanced Quick File

A high tech filing unit for professional nail sculpting, manicures and pedicures.

Advantages at a glance:

- Integrated dust suction (efficient, quite motor)
- Indicator to change filter
- Suction hose with integrated hand piece connection contacts (firmly attached to the filter housing)
- Ergonomically shaped, light weight hand piece 30.000 U / min, 95 g with micro switch for standby mode
- Membrane keypad with soft keys
- 3 Memory functions (rotation speed memory)
- Large display with indicator of all functions

Technical data:

Connection: 230V / 50 Hz (115V 50/60 Hz option)

Power input: max. 350 VA micro motor

Measurements unit: (W x H x D) 160 x 205 x 240 mm

Measurements suction hand piece: L = 118 mm, D = 17

Weight: approx. 3770 g

Art.-No.	Contents
16056	Unit
16016	Filterbag for podiatry
16017	Filterbag for nails

### Premium ProTech File Unit

The Premium ProTech Unit is the latest development in the area of professional filing units for the professional pedicure and manicure.

- Integrated, quiet dust suction with a brushless motor
- Integrated LED-lights in the hand piece
- Filter control system
- Large display showing all functions
- Memory-Function (rotational speed & suction)
- Ergonomically formed, light hand piece (brushless), 30.000 U/min
- Suction hose with integrated connection contacts
- 2 years guarantee on dust suction (control unit)
- Overload protection for extraction hand piece

Technical data:

Connection: 100 - 230V / 50 - 60 Hz

Power input: max. 200 Watt

Measurements unit: (W x H x D) 320 x 125 x 220 mm

Measurements suction hand piece: L = 118 mm, D = 17-27-31 mm

Weight: approx. 3380 g

## FILING BITS

Busch by LCN!

LCN offers high quality filing bits by the traditional brand Busch - leading manufacturer of filing bits.

Absolute precision, attention to detail and highest quality - these are the standards for the manufacturing of these High-Tech-Products. All rotary precision instruments can be sterilised.

### Ceramic drill bit, pen X-interlocking

With a high removal rate, accurate work even on very small nails.

Diameter 2,3 mm

Art.-No.
91926

### Ceramic drill bit, drop, X-interlocking

Ideally suitable for the areas around the edges.

Art.-No.
91947

### Hybrid Twister

Removal of heavy cornification. Working on rhagades and local cornification as well as corns. Mixture of diamond and ceramic for a pleasant removal.  
Diameter 11,5 mm

Art.-No.  
92251

### Cuticle diamond drill, small

Area of application in Salons - artificial nails:

- working on artificial nails
- working on cuticles and in nail folds

Area of application - natural nails and callused skin on feet:

- removal of cuticles, nail folds and callused skin in nails folds
- callus removal, smoothing of natural nails

Art.-No.  
91754

### Cuticle diamond drill, medium

Area of application in Salons - artificial nails:

- working on artificial nails
- working on cuticles and in nail folds

Area of application - natural nails and callused skin on feet:

- removal of cuticles, nail folds and callused skin in nails folds
- callus removal, smoothing of natural nails

Art.-No.  
91755

### Diamond drill, fine

Diamond drill bit with a medium grit. Ideally suited for smoothing out calluses and nails.

Art.-No.  
89722

### Cuticle diamond drill, large

This drill bit from Busch is extremely suitable for smoothing the natural nail surface.

Art.-No.  
14218

### Corundom drill bit, pink

This corundom drill bit is suitable for fine work on skin and nails as well as for manicures and pedicures.

Art.-No.  
90746

### Cuticle Remover Bit

Especially developed metal bit from Busch for the gentle removal of cuticles.  
Recommended rotational speed: 5.000 - 20.000 rpm

Art.-No.  
14088

### Fissure Diamond, rounded top

Fissure Diamond from Busch for the following range of application:  
Cuticle edge of artificial nails and furrow, suitable for pedicures.  
Advantage: Minor risk of injury.  
Recommended rotational speed: 5.000 - 30.000 rpm

Art.-No.  
14217

### Diamond Top Grip, medium grit

This drill bit from Busch for the shortening of nails is only covered with a medium diamond grit on the front side. This minimizes the danger of potential injuries.  
Recommended rotational speed: 5.000-10.000 rpm.

Art.-No.  
14497

### Diamond Bit fine, cylinder shape, short

This drill bit from Busch is suitable for the General use in foot care.  
Recommended use for finger nails: light-cured resin surfaces.  
Recommended rotational speed: 5.000 – 27.000 rpm

Art.-No.  
14214

**Drop, medium-coarse**

This bit from Busch is used to shape the sides of the nails and to even out the transition area between resin and natural nail.

Recommended rotational speed: 5.000 – 18.000 rpm

Art.-No.  
14193

**Ceramic drill bit K429X 040**

Ceramic drill bit K429X 040 from Busch with a X-interlocking.

Area of application:

Nail design: the filing of gel and acrylic as well as the finishing touch of the sculpted nail

Foot care: for a precise contouring of deformed or mycotic and thickened nails

Rotation speed recommendation: 7.500-20.000 min

Art.-No.  
89477

**Ceramic-drill bit K425 Speed 060**

High-Tech drill bit from Busch made of white high Performance ceramic. This ceramic drill bit convinces with an exceptional breakability and hardness.

Areas of application:

Naildesign: for gel and acrylic, universal and especially high in abrasion to remove and shorten gel and acrylic

Pedicure: for thickened nails, for universal use

Recommended rotational speed: 5.000-15.000 rpm

Art.-No.  
89474

**Ceramic drill bit K431Speed**

Ceramic drill bit K431 Speed 060 from Busch with a Speed-special toothing.

Area of application:

Nail design: for gel and acrylic, universal and especially abrasive for the removal and shortening of gel and acrylic

Foot care: for thickened nails, universally applicable

Rotation speed recommendation: 5.000-15.000 min

Art.-No.  
89476

**High Speed Bit**

Carbide filing bit from Busch to evenly remove light cured resins.

Recommended rotational speed: 5.000 - 15.000 rpm

Art.-No.  
14448

**Cone, short**

Cone shaped bit from Busch to remove light cured resins from large surfaces, low-vibration.  
Recommended rotational Speed: 5.000 - 15.000 rpm

Art.-No.  
14270

**Power bit, Cone coarse**

Hard metal bit from Busch with a coarse cross-cut toothing to remove resin layers, inlaid nail art or acrylic.  
Recommended rotational speed: 5.000 – 15.000 rpm

Art.-No.  
16012

**Cone, large/coarse**

This carbide filing bit from Busch evenly removes light cured resin from the sides and edges of the nail.  
Recommended rotational speed: 5.000 - 17.000 rpm

Art.-No.  
14192

**Pin, coarse**

This hard metal drill bit from Busch quickly and evenly removes the light cured resin layer by layer.  
Recommended rotational speed: 5.000 - 15.000 U/min.

Art.-No.  
14191

**Pen, medium-fine**

The undersides of the nails are filed with this pen from Busch. This bit is especially suitable when working with paper forms.  
Recommended rotational speed: 5.000 – 24.000 rpm

Art.-No.  
14196

**Dia Twister**

A consistent further development of drill caps from Busch. Stainless and suitable for permanent use for filing down calluses during pedicures.  
Recommended rotational speed: 5.000 - 20.000 rpm

Art.-No.  
14105

**Hybrid Cap carrier, medium**

Carrier for Hybrid-filing caps

Art.-No.  
90745

**Hybrid Caps Medium**

These innovative hybrid-filing caps made of diamond and ceramic for the effective removal of callused skin convince on several levels:

- Noticeably higher abrasion performance
- Smoother surface based on a finer hybrid grid
- Ideal for ultra sound, disinfection and sterilisation
- Extremely efficient due to a hundredfold usage
- Colour codes for faster identification of different grids
- Available in 3 different grids

Art.-No.	Contents
90742	green, coarse grit
90743	blue, medium grit
90744	red, fine grit

**Callus Remover Bit**

Inclusive 3 replacement caps. Suitable for foot care treatments. Replacement caps are available in a pack of 10 pcs.  
Diameter: 13 mm

Reference for use: When changing caps please push them with some pressure onto the bit. At the same time close the metal ring.

Art.-No.	Contents
14680	Callus Remover Bit
14016	1 Set Replacement caps (10 pcs.)

### Acrylic Stand for bits

Holds 10 bits. Not suited for sterilizer.

Art.-No.  
14197

## VACUUM UNITS

LCN Vacuum units make a hygienic workflow in Salons possible. They absorb file dust reliably and can easily be integrated on LCN manicure tables

### Vacuum Unit

This LCN Vacuum Unit convinces not only with its technical performance but also with its puristic design. The extraction strength can be adjusted individually by means of a knob. File dust is being attracted and collected within a dust bag. This space saving unit fits under fixed hand rests of any classical nail station and can, due to its hygienic surface be used as a hand rest as well.

Technical Data:  
Voltage: 230 VAC  
Power: 20 W

skin care

## FACIAL CARE

Our new Facial Care Series offers the perfect addition and support for our apparative cosmetic treatments. This compact series allows you professional applications with a Basis-Care Assortment for all skin types. High quality ingredients for face and body provide the skin with effective ingredients complexe and actively counteract the skin ageing process. All products are suitable for sensitive skin.

### Refining Skin Cleansing Gel

A mild and foaming cleansing gel with skin soothing plant extracts to gently remove impurities and excess sebum. The especially delicate consistency of this product can be used for all skin types and is especially suitable for sensitive skin.

Make-up as well as eye make-up can be removed with this Cleansing Gel without a problem.

Art.-No.	Contents
90264	200 ml with folding box
90276	500 ml

### Purifying Enzyme Peeling

Moisturizing enzyme peeling with ReviSkin-Code and almond oil to thoroughly remove dead skin cells and excess sebum. The plant complex of magnolia-, willow bark-, grapefruit-, propolis-, tea- and camomile extract has a anti-inflammatory effect and soothes the skin. Suitable for sensitive skin.

Art.-No.	Contents
90266	50 ml with folding box
90277	250 ml

### Refining Skin Tonic

Mild tonic for a visibly clarified and matted complexion. Impurities are being removed, the complexion appears clear and even and is optimally prepared for the care products to follow. Suitable for all skin types.

Art.-No.	Contents
90268	200 ml with folding box
90278	500 ml

### 24h Balancing Cream

Intensively nourishing and smoothing face care with ReviSkin-Code, hyaluronic acid, panthenol as well as a moisturizing complex of amino acids, urea, allantoin and sodium lactate. Reduces wrinkles, provides moisture and protects with a SPF 20 against damaging UV-rays. Suitable for sensitive skin.

Art.-No.	Contents
90270	50 ml with folding box
90279	250 ml

### Regenerating Luminous Skin Mask

Moisturizing and skin soothing mask. The active ingredient of white clay effectively removes impurities and provides a fresh and radiant complexion. This mask provides the feeling of a regenerated complexion loaded with energy and firmness.

Art.-No.	Contents
90274	50 ml with folding box
90281	250 ml

### Calming Eye Repair Cream

Smoothing and intensively moisturizing eye cream with ReviSkin-Code and hyaluronic acid to prevent premature skin ageing. Reduces wrinkles and strengthens the skins resilience. The moisturizing complex of amino acids, urea, allantoin and sodium lactate provides moisture and preserves it in the skin. Suitable for sensitive skin.

Art.-No.	Contents
90272	15 ml with folding box
90280	50 ml

### Display Facial Care

In an elegant optic and incorporating a practical box for end consumer flyers.

Contents: Refining Skin Cleansing Gel, 200 ml; Purifying Enzyme Peeling, 50 ml; Refining Skin Tonic, 200 ml; 24h Balancing Cream, 50 ml; Regenerating Luminous Skin Mask, 50 ml; Calming Eye Repair Cream, 15 ml;

You will receive this display stocked with one tester, end consumer flyers as well as separate products for retail.

89774	Instant Oxygen Shot
89775	Intensive Liposome Shot

### Youth Hyaluron Shot

The Youth Hyaluron Shot provides an optimal moisture penetration of the skin as well as an increase in elasticity. It contains low molecular hyaluronic acid that penetrates the skin and that presents an ideal moisture depot. In addition this Shot functions as a radical scavenger.

Art.-No.	Contents
91408	15 ml

### Instant Oxygen Shot

The Instant Oxygen Shot serves as a Oxygen-Booster for the skin. The oxygen supply is achieved with an active ingredients complex made of Mannitol, Faex extract, Glycogen and Magnesium.

Art.-No.	Contents
91409	15 ml

### Intensive Liposome Shot

The Intensive Liposome Shot offers a balanced protective complex against environmentally caused skin aging. It contains a high radical protection factor and transports the anti oxidants A, C and E into the layers of the skin.

Art.-No.	Contents
91410	15 ml

### Mobile Needling Pen rosé gold

Micro Needling is a cosmetic treatment that enables us to channel active ingredients deep down into the skin. Due to the micro injuries to the skin the cell regeneration and skin renewal processes are promoted, collagen and elastin fibres are being tightened. The result is visible after just a few treatments already. The skin appears youthful and even due to a "Lifting-effect". For ever treatment area the needle length can be set individually on this mobile needling pen.  
After this treatment the skin is especially ready to take in the appropriate active ingredients.

#### Technical data:

Needles provided: 1 x 12point needle made of stainless steel, 1 x Nano Needling attachment made of plastic  
Pen made of durable stainless steel  
Needle setting: 0,25 mm to 2,75 mm  
Constant speed: 142 Hz (revolutions / second)  
Wireless use with Lithium-Ion-Battery and replacement battery  
4 hours battery time after a 75 minute charging time

## MICRODERMABRASION

Microdermabrasion is a very effective and extremely gentle treatment method for a highly effective regeneration and rejuvenation of the facial skin as well as the skin on the body. The formation of new, fresh skin cells is promoted, due to the gentle removal of dead skin cells.

### Microderm Skin Expert

This practical and handy Microdermabrasion unit is ideal for home care or Salon applications.

This effective peeling application is focused on Anti-Ageing effects, suitable for all skin types. Dead skin cells and skin irregularities can be removed with the respective diamond attachment. Micro circulation of the skin is promoted due to the generating of a vacuum and therefore the general appearance of the skin is improved.

- Different attachments available
- Intensity levels are individually adjustable (4 levels)
- Inclusive 50 exchangeable filters

Technical data:

Measurements: 46x42x216,5 mm

### Starter set Smooth Skin Hydro Perfection

Smooth Skin Hydro Perfection offers you a safe and effective Beauty treatment for all your customers who are looking for even, rejuvenated and fresh complexion. This unit conforms 100% to the new NISV regulation and provides you with convincing results! This new Anti-Ageing weapon combines Hydra Facial and Microdermabrasion in one unit. Gentle and safe it improves the complexion after one treatment already! With this all-rounder skin problems like acne and acne scars, enlarged pores, impurities and age spots are a thing of the past. Aquadermabrasion gently removes dead skin cells with a light jet of water. A "peeling-effect" is created that contributes towards the regeneration and renewal of the skin. The treatment is extremely gentle and completely painless for your customers. After a deep cleansing active ingredients can be absorbed much better by the skin. In addition, different diamond attachments provide a gentle peeling-effect which also supports a better intake of active ingredients. With this non-invasive method the production of new skin cells is promoted and the growth of collagen is stimulated. This ensures a longlasting improvement of the complexion.

Contents: Smooth Skin Hydro Perfection, Smooth Skin AHA, BHA; Hyaluron and Finish Serum

# INTENSE PULSED LIGHT – THE REVOLUTION OF PERMANENT HAIR REMOVAL.

With the “LCN Pro – silk skin“ unwanted hair is a thing of the past with. IPL (Intense Pulsed Light) permanent hair removal is absolutely safe and very effective. Nearly all skin and hair types can be treated with this innovative technique. The flash lamp emits a secure, filtered and polychromatic light and thus removes unwanted body hair. Only a few sessions are necessary for a permanent hair removal. 1 flash per 3 seconds in combination with a large treatment area (7,5cm<sup>2</sup>) enables fast and effective treatment results. During the treatment, a patented, coloured through double filter, existing of a dichroic and a absorption filter, intercepts all unnecessary or dangerous radiation and guarantees a long-lasting quality and safety of the generated light energy. The unit is fitted with a water-cooling system to guarantee a high efficiency and safety. In addition, the hand piece has a very efficient patented cartridge system. The cartridge can be exchanged in just a few seconds.

## COLOUR DESCRIPTION

### LIPS

Art.-No.: 92374-.. // 5 ml

Phase 1 (P1) Opacity  
Phase 2 (P2) Colour brilliance-nuance

 P1	<b>-10 dark nude pink</b> Warm subtle shade of pink; appears a touch reddish; suitable to brighten, to correct and as a base coat; if the result should not be too dark; to be used as a correction colour for spots in the area of Best Agers.	 P1	<b>-20 poppy red</b> Reddish / orange salmon colour; suitable to turn a colour more brownish.	 P1	<b>-30 classic red</b> A base shade of red; basis for an intensive red colouring.
 P1	<b>-40 whipped cream</b> Suitable as lip light and glam light as well as a correction colour; can also be used to lighten colours.	 P1	<b>-50 vintage rose</b> Shade of purple to ruby.	 P1	<b>-60 fire rouge</b> Reddish brown shade of pink; like sandalwood.
 P1	<b>-110 kissable lips</b> Dark red, base colour, cherry red for winter type	 *	<b>-130 nude love</b> Shade of Rosé – Nude Look, also suitable for medical pigmentation	 P1	<b>-140 antique rose</b> Cool shade of rose wood, suitable for a natural lipliner or for shading.
				 P1	<b>-150 terracotta</b> Sand coloured, warm shade for lips, suitable to correct blue; can be used for nipple / areola reconstruction.

---

 P2	<b>-70 rosewood nude</b> Salmon, light brownish.	 P2	<b>-80 bordeaux pink</b> Shade of pink; suitable to intensify; very nice for dark skin types.	 P2	<b>-90 red sensation</b> Brilliant shade of red, rather cool, winter type
--	---	--	--	--	--

---

### CORRECTION

Art.-No. 92375-.. // 5 ml

 P1	<b>-10 natural skin</b> A classic shade and all-rounder; suitable for Europeans; neutral.	 P1	<b>-20 CC</b> A yellowish correction colour to counteract purple; suitable for skin with a high amount of yellow pigments and to neutralize.	 P1	<b>-30 tanned skin</b> Suitable for suntanned skin and Mediterranean types; does not appear grey.	 P1	<b>-50 anti red corrector</b> Complementary colour against red.
--	--	--	---	--	--	--	--

## MICROBLADING

Art.-No. 92376-.. // 10 ml

**-10 intensive wood**  
Cold tone, please warm it up with colour number 60 (spicy orange).

**-20 café au lait**  
Warm shade for eye-brows; suitable for redheads and brunettes; suitable to warm up cold colours.

**-30 dark nights**  
For dark, Mediterranean skin tones; contains a lot of black pigments; remains strong.

**-40 chocolate praline**  
Slightly lighter shade; suitable for Best Ager and Tapping clients; rather cool.

**-50 honey mustard**  
When the result has turned out too warm; for shades of purple or red.

**-60 spicy orange**  
Counteracts blue / grey; very suitable as colour mask.

**-70 mahogany brown**  
For brunettes; darker shade; rather warm; for medium brown or dark blond hair types; appears natural.

## EYEBROWS

Art.-No. 92377-.. // 5 ml

**-10 brownish grey**  
Cool, ashy shade of brown for blond to dark blond hair.

**-20 dark hazel**  
Ideal, warm shade for vivacious women with tanned skin and dark brown to black hair.

**-30 muddy chic**  
For natural looking eyebrows for clients with ashy-brown to greyish hair.

**-40 light brunette**  
Natural muddy shade, very versatile, depending on the complexion it appears grey or brown.

**-50 olive brown**  
Ashy shade of brown, for dark blond to light brown types. Also suitable as a correction colour against red.

**-60 dark chestnut**  
Ideal for summer types; suitable for customers with red hair and freckles - can be used for the reconstruction of nipples and areolas.

## EYES

Art.-No. 92378-.. // 5 ml

**-10 warm black**  
Warm shade of a black-brown colour, suitable as eyeliner and shading for green and brown eyes. Ideal colour for vivacious women with tanned skin and dark brown to black hair.

**-20 deep dark brown**  
Very dark shade of brown for very dark skin types.

**-30 solid granite**  
Suitable for about every woman as an eyelash enhancement to create a base eyeliner. Good durability.

**-40 smaragd**  
Cool dark shade of green, for greenish eyes it can be used as an eyeliner without a dark eyelash enhancement. Can be used as a second colour right alongside a dark eyeliner. It is also very popular for mixing.

**-50 dark graphit**  
For delicate eyeliners or eyelash enhancements. This colour appears much softer in comparison to deep black.

**-60 tasty brownie**  
Warm shade of brown, for ashy blond types, recommended for powdery shaded eyeliners.

10 ml

## CAMOUFLAGE

Art.-No. 92381-..  
10 ml

All colours can also be used for the techniques  
Microblading and Micro Tapping.

also suitable for:

## YOUR ADVANTAGES

- » Free from iron oxides
- » Bright and brilliant colours
- » High pigment density
- » Maximum pigment inclusion
- » Less pigmentation rounds necessary
- » No tinge of red after the healing process
- » No use of conserving agents
- » sterilized colours by means of Gamma radiation according to AAMT-Standards

## APPLICATION- INSTRUCTIONS

Organic LCN colours generally develop cooler (contrary to the colours containing iron oxide which heal into warmer shades).

For this reason a warmer shade than the one that is expected as a end result should be selected. Micro pigmentations should rather be pigmented shallow.

Please do not penetrate the skin too deep, rather plan for a another touch-up appointment. Colours can turn towards shades of grey and lines might appear washed out if pigmented to deep.

### LIPS

Art.-No. 92379-.. // 10 ml

**-1 sweet apricot**  
Cool shade; appears pink; very suitable for Mediterranean skin types; with a shade of olive in the skin; strong colour brilliance; does not lose much in intensity; has a higher percentage of yellow.

**-2 creamy toffee**  
Warm shade, appears orange-brown; very soft; is considered a nude tone; suitable to lighten up and correcting colour for areola pigmentation.

**-3 tasty orange**  
Warm tone; serves as correction colour; suitable for blond types with a fair complexion; counteracts blue; also suitable for eyebrows to mix in against blue; a Must Have!

**-4 tulipwood**  
A neutral shade of pink; suitable for all skin and hair types.

**-5 dark nude**  
A neutral shade, appears reddish and very natural; suitable as a contour colour.

**-6 dark plum**  
A cool wine-red shade; suitable for dominant lip contouring; slightly brownish; can be used to intensify.

**-7 juicy cranberry**  
A cool shade, appears like a classic red; extremely stable colour; also suitable for mixing, in cases where more colour intensity is desired.

**-8 berry punch**  
Cool shade of berries with a hint of pink; medium to dominant colour intensity; for Mediterranean types; very good for contours.

**-9 rich fudge**  
A cool shade, appears like a classic red; extremely stable colour; also suitable for mixing, in cases where more colour intensity is desired.

**-10 soft rouge**  
Warm and neutral tone. Appears like a shade of rosé or nude; offers optical volume; lets lips appear bigger; very good for Best Agers.

**-12 pink rose**  
Cool shade of red; very natural; appears pink in lips and is therefore very suitable for Best Agers and Candy Lips.

**-13 red rose**  
Warm shade of red; appears natural; suitable for shading techniques; for Best Agers and Candy Lips.

**-14 sweet berry**  
Cool shade of pink; intensive colouring; Attention if lips have a cool shade; can darken; with a higher amount of blue.

**-15 Miami flamingo**  
Cool shade of pink; for Candy Lips; a vibrant shade with a lot of yellow; perfect in combination with sweet berry for contours and miami flamingo for shading

**-16 soft cotton**  
Warm, brownish shade; can darken; suitable for shading.

**-18 sugar peach**  
Warm shade with a lot of white; for shadings, suitable as glam light and for Candy Lips; suitable to correct blue; not suitable as a contour colour

**-20 sugar & cream**  
Neutral, rosé-salmon coloured shade for lips, provides volume, suitable for shadings and Nude lips

### EYES

Art.-No. 92382-.. // 10 ml

**-1 intensive black**  
Black; not bluish; suitable for intensive eyeliners.

**-3 Mr. Grey**  
Medium grey pigment, ideal for eyelash enhancement or scalp pigmentation.

**-4 royal blue**  
Vibrant blue. Use in combination with "intensive black" or "le noir" to create extravagant eyeliners. Mix in "Mr. Grey" to create different shades of blue.

**-5 le noir**  
Deep black with a slight blue tinge, very good for eyeliners.

## EYEBROWS

Art.-No. 92380-.. // 10 ml

**-3 coffee bean**  
Cool and dark shade for eyebrows; contains a lot of blue; suitable for mixing; always mix in No. 3 (tasty orange) please

**-4 conifer forest**  
Cool ashy shade; suitable for all types and for hairline drawings; a Must Have colour.

**-5 cappuccino**  
Warm; develops ashy; light shade; suitable for Best Agers.

**-6 ebony**  
Warm ashy shade; perfectly suitable for hairline drawings; does not turn red.

**-7 crème brûlée**  
Warm neutral shade; very good to counteract blue.

**-8 tender soufflé**  
Warm neutral shade; very good to counteract blue.

**-9 alluring taupe**  
Neutral shade of olive; very ashy and slightly greyish; "warm it up" with creme brûlée

**-11 milk chocolate**  
Warm and lightest shade; suitable for Best Agers.

**-12 dark timber**  
Warm shade; suitable for all types; does not turn red; a Must Have colour.

**-13 nougat**  
Warm shade with a lot of red pigments; but doesn't appear red in the skin; counteracts grey; suitable for red-haired clients; appears intensive.

## CAMOUFLAGE

Art.-No. 92381-.. // 10 ml

**-1 ivory**  
Lip lights are being pigmented as a highlighter directly above the pigmented lip liner (usually along the lip heart) in a extremely thin line. Lip liners are more pronounced and lips appear fuller.

**-2 light make-up**  
A soft, light skin tone. Suitable for corrections as well as for medical pigmentation.

**-3 stage camou**  
Correction colour for eyebrows that are too dark, black or bluish. Also suitable for the correction of lip liners that have turned out too intensive or too dark.

**-6 honeymoon**  
Correction colour for eyebrows that turned purple. Neutralizes the discolouration. Use the desired shade of brown during the rework appointment.

## PIGMENTATION UNITS MADE IN GERMANY

### SMART PROFESSIONAL

After the Smart Deluxe and Smart Beauty for PMU beginners we now have the professional version. A modern control unit in combination with a PMU Pro hand piece and new innovative modules makes pigmentation in all PMU techniques possible.

This easy-to-use Smart Professional allows a needle speed of up to 150 moves per second. As a highlight it offers an illuminated touch surface as well as an integrated treatment timer function.

#### Advantages at a glance:

- Modern design
- Cost-effective, efficient control unit
- Optimal for mobile use
- Ergonomical hand piece 70 - 150 Hub
- Adjustable needle length for all applications
- Extended needle penetration, the needle penetrates the skin faster but remains there shorter
- Low noise and low vibration
- Better results in a shorter time
- Excellent flow of colour
- Gentle to the skin and less trauma
- Precise placement of colour with HD result
- Made in Germany

# PIGMENTATION UNITS MADE IN GERMANY

## SMART DELUXE – FOR BEGINNERS + MOBILE SERVICES

The perfect beginner's unit. It distinguishes itself based on its user-friendliness as well as its very high precision. An individually adjustable needle stroke of 50 -140 strokes per second, in combination with a low selected power of penetration, guarantees a mildly

invasive pigmentation. The unit consists of a control unit, a hand piece, a foot pedal, a storage tray inclusive four colour jars, a power supply and cable as well as 1 each of the following modules: 1point, 3point as well as a 3point Sloped Smart Deluxe module.

will be discontinued

### Advantages at a glance:

- Perfect beginner unit
- Excellent usability
- Precise operation
- Individually adjustable needle stroke
- Compact size
- Made in Germany according to the highest quality standards

Contents: Smart Deluxe; 1-point-HYGIENE MODULES, 10 pcs.; waste container for needles 1,5l; Make-up Remover tissues, pack à 25 pcs.; Colour Remover, 100 ml; Vitamin Gel, 5 ml; Skin Balm, 5 ml; Set colour ring + inserts, 10 pcs.; Colour Activator, 10 ml; Permanent Make-up colour Organic Line Lips: "soft cotton", "tulipwood", 10 ml each; Eyebrows: "coffee bean", "alluring taupe", "ebony", 10 ml each; Eyes: "intensive black", 10 ml; protective tube, 16 pcs.; Form of consent, 25 pcs.

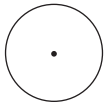

# HYGIENE MODULES

## 1-POINT-NANO MODULE N1 & N2

Nano technique - the technical answer to micro blading. Create finest, natural looking hairline drawings, already visible after the first treatment. The diameter of these needles of only 0,2 and 0,25 mm will open up completely new possibilities in the area of Permanent Make-up for you. In comparison to the common modules, these needles are not only extremely thin but also flexible.

Art.-No.: 14653 // Symphony, Smart Deluxe // 0,2mm // 10 pcs.  
Art.-No.: 14654 // Symphony, Smart Deluxe // 0,25 mm // 10 pcs.

## 1-POINT-HYGIENE MODULE MICRO

Ø 0,18 mm

The 1-point Micro is a needle with a small tip diameter. This allows fine line drawings (for example hair strokes). Contents: Set with 10 Hygiene modules.

Art.-No.: 14580 // Smart Deluxe // 1x10 pcs.

## 1-POINT-HYGIENE MODULE

Ø 0,4 mm

For very exact, precise, and clearly defined lines with a very high colour density. For delicate hair strokes, eyelash enhancing, and exact lip contours. Set with 10 hygiene modules.

Art.-No.: 14266 // Symphony, Smart Deluxe // 1x10 pcs.

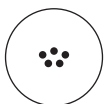

## 3-POINT-HYGIENE MODULE

Ø 3 X 0,33 mm

For softer, wider lines. Very good for the lash line, wider eyeliners, and shading. Contents: Set with 10 hygiene modules.

Art.-No.: 14267 // Symphony, Smart Deluxe // 1x10 pcs.

## 5-POINT-HYGIENE MODULE

Ø 5 X 0,33 mm

Provides a smooth, more defined line. Very good for shading large surface areas and tattoos. Contents: Set with 10 hygiene modules.

Art.-No.: 14268 // Symphony, Smart Deluxe // 1x10 pcs.

# HYGIENE MODULES

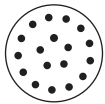

## 3-POINT-HYGIENE MODULE SLOPED CARTRIDGE

Ø 3 X 0,4mm

Three sloped needles arranged in a row for a variety of modern techniques; for example, partial lip shading and eyeliner.

Contents: Set with 10 hygiene modules.

Art.-No.: 14489 // Symphony, Smart Deluxe // 1x10 pcs.

## NEEDLING-ATTACHMENT+

With the LCN needling attachment for your LCN Permanent Make-up unit you will be able to channel low and high molecular ingredients very easily into the skin. During the needling application 0.5 mm long needles are penetrating the upper layer of the Epidermis and open up a passage for the active ingredients to pass through. With a fruit acid peeling the skin is optimally prepared for the needling application. As ingredient compounds we recommend the LCN Meso-concentrates.

Packaging unit: 10 pcs/box, 18 plastic needles per attachment

Art.-No.: 14558-10 // Smart Deluxe

# PIGMENTATION UNITS MADE IN GERMANY

## SMART BEAUTY - THE STARTER UNIT + MOBILE TREATMENTS

The perfect starter unit for Permanent Make-up. Ideally suitable for working in a Salon or as a mobile unit. It distinguishes itself with its easy handling as well as its easy handling. This elegant, black design fits well in every Beauty Salon as well as Nail Salon. Just like its name already indicates, the Smart Beauty

is a real multi talent and can be used not just for Permanent Make-up but also for small Body Tattoos or Digital Blading. The unit consists of a control unit, hand piece, foot switch, power supply and cable as well as 1 x 3-point and 1 x 5-point Nano sloped modules.

### Advantages at a glance:

- handy/mobile device
- space saving
- easy handling
- light hand piece
- elegant design
- Hub: adjustable in 3 steps
- Made in Germany according to the highest quality standards
- CE symbol

Also available as a

SMART BEAUTY  
Art.-No. 91764

## TREND-TECHNIQUES

### TREND-TECHNIQUE - DIGITAL BLADING

The most delicate hair lines in the history of Permanent Make-up can be created with Digital Blading! This method serves to minimize the disadvantages of the manual technique and to achieve the same or better results. Disadvantages in Micro Blading, like irritating scars and a short durability of colours are, thanks to Digital Blading, things of the past. Especially suitable are the so called Nano Sloped needles. Extremely fine hair lines can be created just like in Micro Blading. Ideally suitable for Soft Shading brows.

---

### TREND-TECHNIQUE - BODY TATTOO

More and more Permanent Make-up artists are not only beautifying their customers with eyeliner, eyebrows or lip liners but also create small, delicate Body Tattoos. Be it hearts, letterings or star signs – possibilities are virtually endless. These tattoos have the advantage that they are not as deep under the skin but still create a true highlight. Expand your services with this very lucrative offer.

# HYGIENE MODULES

## 3-POINT-HYGIENE MODULE NANO SLOPED

Ø 3 x 0,20mm

Increased amounts of colour are embedded into the skin due to thinner needles, optimised flow of pigments through the module into the skin. Flexible needles, less pigmentation rounds necessary.

Ideal for fine, short hair line drawings.

Art.-No.: 91811 // Smart Beauty + Beauty Pad Pro 3.0 // 1x10 pcs.

## 5-POINT-HYGIENE MODULE NANO SLOPED

Ø 5 x 0,20mm

Increased amounts of colour are embedded into the skin due to thinner needles, optimised flow of pigments through the module into the skin. Flexible needles, less pigmentation rounds necessary.

Ideal for hair line drawings.

Art.-No.: 91812 // Smart Beauty + Beauty Pad Pro 3.0 // 1x10 pcs.

## 8-POINT-HYGIENE MODULE NANO SLOPED

Ø 8 x 0,20mm

Increased amounts of colour are embedded into the skin due to thinner needles, optimised flow of pigments through the module into the skin. Flexible needles, less pigmentation rounds necessary.

Ideal for hair line drawings and shading.

Art.-No.: 91813 // Smart Beauty + Beauty Pad Pro 3.0 // 1x10 pcs.

Hygiene modules from the BeautyPad Pro 3.0 can also be used for our Smart Beauty. You will find these modules on page 180.

# PIGMENTATION UNITS MADE IN GERMANY

## TITANIUM 2 – PIGMENTATION UNIT FOR PROFESSIONALS

This easy-to-use base station with its modern design provides absolute precision due to its electronic control system. An individually adjustable needle stroke (50-150 strokes per second), in combination with a low selected power of penetration, guarantees a mildly invasive pigmentation. This will result in an aesthetically ideal Make-up with an optimal durability. With its dual hand

piece connectors it is possible to use different colours and module configurations simultaneously. This lightweight, compact Titanium 2 is extremely quiet and creates only slight vibrations. The unit consists of a control unit, a hand piece, a foot pedal, a power supply and cable, a hand piece holder as well as one each of the following modules: 1-point, 3-point and 5-point.

Also available as a  
**STARTER SET**

### Advantages at a glance:

- Modern design
- Intuitive to operate base station
- Individually adjustable needle stroke
- Precise colour placements in the skin
- Extremely quiet
- Made in Germany according to the highest quality standards

### TITANIUM 2

Art.-No.: 14290-1

### STARTER SET TITANIUM 2

Art.-No.: 63398

Contents: Titanium 2; 1-point-Hygiene module, 15 pcs.; waste container for needles 1,5l; Make-up Remover tissues, pack à 25 pcs.; Colour Remover, 100 ml; Vitamin Gel, 5 ml; Skin Balm, 5 ml; Set colour rings + inserts, 10 pcs.; Colour Activator, 10 ml; Permanent Make-up Colour Organic Line Lips: "soft cotton", "tulipwood", 10 ml each; Eyebrows: "coffee bean", "alluring taupe", "ebony", 10 ml each; Eyes: "intensive black", 10 ml; protective tube, 16 pcs.; form of consent, 25 pcs.

# HYGIENE MODULES

## 1-POINT-NANO MODULE N1 & N2

Nano technique is THE technical answer to manual Micro Blading. Extremely fine and natural hairline drawings, visible already after just one colour insertion. Needle diameters of just 0,2 and 0,25mm open up completely new possibilities and application techniques in the area of Permanent Make-up. Needles are not only extremely thin, but also flexible in comparison to general modules.

Art.-No.: 14597 // 0,2mm // 10 pcs.

Art.-No.: 14598 // Titanium 2 // 0,25mm // 10 pcs.

## 1-POINT-HYGIENE MODULE MICRO

Ø 0,18 mm

The 1-point Micro is a needle with a small tip diameter. Therefore extremely fine line drawings (f.e. hairline drawings) are possible. Contents: Set with 5/15 Hygiene modules respectively

Art.-No.: 14574 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

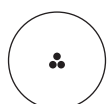

## 1-POINT-HYGIENE MODULE

Ø 0,4 mm

For very exact, precise, and clearly defined lines with a very high colour density. Specially suitable for precise hair strokes, sharp lip contours and for eyelash enhancing. Contents: Set with 15 / 5 hygiene modules respectively.

Art.-No.: 14110 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

## 3-POINT-HYGIENE MODULE MICRO

Ø 3 x 0,18 mm

Three clustered, very fine needles. For exact, precise, and clearly defined lines with very high colour density. Specially suitable for precise Eyeliners and sharp lip contours. Contents: Set with 15 or 5 hygiene modules respectively.

Art.-No.: 14262 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

## 3-POINT-HYGIENE MODULE

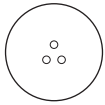

Ø 3 x 0,33 mm

For softer, wider lines. Very good for the lash line, wider eyeliner, and shading. Contents: Set with 15 / 5 hygiene modules respectively.

Art.-No.: 14111 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

# HYGIENE MODULES

## 3-POINT-HYGIENE MODULE OUTLINE

Ø 3 x 0,25 mm

Finer finish, clustered needles for a more striking and compact eyeliner, or lip contours and shading. Contents: Set with 15 / 5 hygiene modules respectively.

Art.-No.: 14175 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

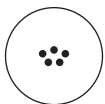

## 4-POINT-HYGIENE MODULE

Ø 4 x 0,4 mm

Flat needle, parallel arranged. Specially suited for lip shading. Contents: Set with 15 Hygiene modulees.

Art.-No.: 14151 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

## 5-POINT-HYGIENE MODULE SHADER

Ø 5 x 0,33 mm

Provides a smooth, more pronounced line. Very good for shading of large areas and tattoos. Contents: Set with 15 / 5 hygiene modules respectively.

Art.-No.: 14112 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

## 3-POINT-HYGIENE MODULE SLOPED CARTRIDGE

Ø 3 x 0,4 mm

Three sloped needles arranged in a row for a variety of modern techniques; for example, partial lip shading, and eyeliners. Contents: Set with 15 / 5 hygiene modules respectively.

Art.-No.: 14274 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

# HYGIENE MODULES

## 5-POINT-HYGIENE MODULE SLOPED CARTRIDGE

Ø 5 x 0,33 mm

Five sloped needles arranged in a row for a variety of modern techniques; for example, full lip shading, eyebrows, eyeliners and tattoos. Contents: Set with 15/5 hygiene modules respectively.

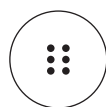

Art.-No.: 14275 // Titanium 1 + 2, Kryo-Liner 1 // 1x15 pcs.

## NEEDLING-ATTACHMENT

With the LCN Needling-Attachments for the LCN Permanent Make-up Unit low- and high-molecular active ingredients can be transported into the skin. With this application 0,5mm long needles are penetrating the upper layer of the epidermis and are opening the way for the intake of the active ingredients. For an optimal intake of the active ingredients the skin is being prepared for the needling with a fruit acid peeling. As active ingredients preparation we recommend the YouthPRO Hyaluronic / Gratuline Gel Concentrate. 18 plastic needles each.

Art.-No.: 14556-10 // Titanium 1 + 2 // 1x10 pcs.

## NEEDLING ATTACHMENT

This small, inclinable needle head contains six fine needles made of metal. It adapts perfectly to the skins surface and allows an effortless treatment even in difficult to reach areas. A fast puncture frequency is perforating, regenerating and smoothing the skin. The complexion appears tightened, rejuvenated and visibly plumped up. 6 metal needles.

Art.-No.: 14663-10 // Titanium 1+2, Kryo-Liner 1 // 1x10 pcs.

## PIGMENTING PEN

The HM (Hygiene Module) pigmentation pen is a modern handpiece that, along with the hygiene module, allows for particularly hygienic pigmentation.

Art.-No.: 14109-1 // Titanium 1, Kryo-Liner 1 // 1 pc.

Art.-No.: 14109-2 // Titanium 2 // 1 pc.

# HYGIENE MODULES FOR KRYO LINER 2

Modules for the Kryo Liner 2 are still available

## 1-POINT-NANO MODULE N1 & N2

The answer to the manual Micro Blading technique. Suitable for fine and natural looking hairline drawings, visible already after one colour insertion. The needles are extremely thin and flexible. Available in 2 needle diameters: 0,2 mm (N1) and 0,25 mm (N2). Available for Titanium 1 and 2 as well as Kryo-Liner 1.

Art.-No.: 14603 // 0,2mm // 5 pcs.

Art.-No.: 14604 // Kryo-Liner 2 // 0,25mm // 5 pcs.

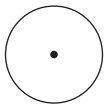

## 1-POINT-HYGIENE MODULE MICRO

Ø 0,18 mm

For very exact, precise, and clearly defined lines with a very high colour density. Specially suitable for precise hair strokes, sharp lip contours and for eyelash enhancing. Contents: Set with 15 / 5 hygiene modules respectively.

Art.-No.: 14520 // Kryo-Liner 2 // 1x5 pcs.

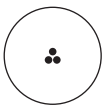

## 1-POINT-HYGIENE MODULE

Ø 0,4 mm

For very exact, precise, and clearly defined lines with a very high colour density. Specially suitable for precise hair strokes, sharp lip contours and for eyelash enhancing. Contents: Set with 15 / 5 hygiene modules respectively.

Art.-No.: 14523 // Kryo-Liner 2 // 1x5 pcs.

# NEEDLE CONFIGURATION

This overview serves as a guideline for the correct use of our Permanent Make-up hygiene modules. Depending on the application, experience will teach you to choose the optimal hygiene module. In case you are not sure which module you should use for your

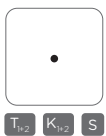

applications we recommend a Permanent Make-up training at one of our LCN Beauty Schools. Under the guidance of our experienced International Master Trainers you will become a well-versed specialist.

## 1-POINT-HYGIENE MODULE MICRO

Fine, single hairlines. For very fine hairline drawings, the lip-heart, 3D-eyebrows

0,18mm

## 1-POINT-HYGIENE MODULE

Precise, hard and clearly distinct lines, suitable for all areas

0,4mm

## 1-POINT-NANO MODULE N1 & N2

For very fine hairline drawings, technical answer to Microblading, flexible.

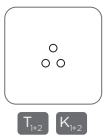

N1: 0,2mm // N2: 0,25mm

## 2-POINT-HYGIENE MODULE

Suitable for very fine lines (lips + eyeliner; contours)

0,35mm

## 3-POINT-HYGIENE MODULE OUTLINE

Finer finish, clustered needles for a more striking and compact eyeliner, or lip contours and shading.

3 x 0,25mm

## 3-POINT-HYGIENE MODULE MICRO

Alternative to the 1point-needle, with its 3 very fine needles it is reduced to a minimum. Sensitive, thin skin can be pigmented much easier.

3 x 0,18mm

## 3-POINT-HYGIENE MODULE

For softer, wider lines, very good for eyeliners and shading.

3 x 0,33mm

## 3-POINT-HYGIENE MODULE POWER

A tighter bundled tip, bent inwards, for scar pigmentation. Not suitable for thin or sensitive skin.

3 x 0,33mm

## 3-POINT-HYGIENE MODULE SLOPED CARTRIDGE

Diagonally behind one another arranged needles for partial lip shading and eyeliners.

3 x 0,4mm

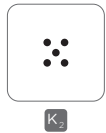

## 4-POINT-HYGIENE MODULE

Flat needle, arranged next to each other, very well suited for shadings

4 x 0,4mm

# NEEDLE CONFIGURATION

## 5-POINT-HYGIENE MODULE ROUND

Results in a soft, defined line. Very good for larger shadings and tattoos.

5 x 0,33 mm

K<sub>2</sub>

## 5-POINT-HYGIENE MODULE SLOPED CARTRIDGE

Five diagonally behind one another arranged needles for a multitude of modern application techniques, full lip shading, eyebrows, eyeliners and tattoos.

5 x 0,33 mm

## 5-POINT-HYGIENE MODULE SHADER

Results in a soft, defined line. Very good for larger shadings and tattoos.

5 x 0,33 mm

T<sub>1+2</sub> K<sub>1</sub> S

## 7-POINT-HYGIENE MODULE

Suitable for shading technique, lips, eyebrows, areola, scalp.

7 x 0,30 mm

SB BP EP

## 8-POINT-HYGIENE MODULE NANO SLOPED

Eight needles arranged diagonally behind each other for a perfect colour result. Less pigmentation rounds are necessary.

8 x 0,20 mm

SB BP

## 11-POINT HYGIENE MODULE MEDICAL

Needle with a short, wide tip. For shading and the nipple-areola effect.

11 x 0,30 mm

EP

## 6-POINT COSMETIC NEEDLING ATTACHMENT

6 needles made of metal. This small, inclinable needle head contains 6 needles made of metal. It adapts perfectly to the skins surface and allows an effortless treatment even in difficult to reach areas. A fast puncture frequency is perforating, regenerating and smoothing the skin. The complexion appears tightened, rejuvenated and visibly plumped up.

K<sub>1</sub> T<sub>1+2</sub>

## 9-POINT NEEDLING ATTACHMENT

9 needles made of metal. Needles which have a short, wide taper. The needle structure is "flower" shaped and round, there is a 2mm distance between each needle. Needle is used for skin regeneration treatments at face and body.

9 x 0,20 mm

EP

## 12-POINT NEEDLING ATTACHMENT

12 needles made of metal. Needles which have a short, wide taper. The needle structure is "flower" shaped and round, there is a 2mm distance between each needle. Needle is used for skin regeneration treatments at face and body.

12 x 0,20 mm

EP

## 18-POINT NEEDLING ATTACHMENT

18 Needles made of plastic  
To work low- and high molecular active ingredients into the skin. During application 0.5 mm long needles are penetrating the upper epidermis and therefore allow penetration of the active ingredients.

# PIGMENTATION UNITS

## EXCELLENCE ARTIST PAD - MULTIFUNCTION PIGMENTATION UNIT

The new PMU multifunction unit presents the highest standards in the field of pigmentation. This Touch Screen all-rounder with its easy handling presents the ideal support during daily routines in your Salon.

### Technical data:

- 10 Inch HD Touch-Screen
- Foot switch
- LED illumination in different colours
- 12 Volt, 1.5. AMP
- Hub setting 100-200
- Incorporated WLAN function
- Weight: 1,5kg
- Measurements: 260 mm x 110 mm
- Weight handpiece: 110 g

### Advantages at a glance:

- Quiet and highly precise working hand piece
- Incorporated WLAN function for direct access to the LCN Online-Shop
- Interactive exchange with the LCN PMU community via the LCN PMU Facebook site
- Module-and Hub-recommendations for all areas (Lips, eyebrows, areola, eyeliner etc.)
- Appointment coordination
- Connection points for 2 separate handpieces
- Large selection of modules
- Optically attractive design and elegant carry case
- Variable illumination colours

EXCELLENCE ARTIST PAD  
Art.-No.: 14683

This unit has a 10 Inch HD Touch-Screen. Modern graphics lead you through all the programs with ease.

Also available as a  
**STARTER SET**

# HYGIENE MODULES

## 1-POINT-HYGIENE MODULE MICRO EXTRA FINE 0,17 MM

To create a pixel effect and hair line drawings.  
A needle with a long, sharp tip.

Art.-No.: 14684 // 10 pcs.

## 1-POINT-HYGIENE MODULE MICRO PLUS 0,25 MM

To create a pixel effect.  
Needle with a short, wide tip.

Art.-No.: 14685 // 10 pcs.

## 1-POINT-HYGIENE MODULE 0,35 MM

To create a pixel effect and hair line drawings.  
A needle with a long, sharp tip.

Art.-No.: 14686 // 10 pcs.

## 3-POINT-MICRO HYGIENE MODULE 0,18 MM

For sharp and even lines. Needles with a long, sharp point  
that are connected at the tip.

Art.-No.: 14687 // 10 pcs.

## 3-POINT-HYGIENE MODULE 0,25MM

Needle with a long, sharp tip for precise, hard lines.  
For hair stroke effects, lip liner and to create a pixel effect in eyebrows.

Art.-No.: 14698 // 10 pcs.

## 3-POINT-HYGIENE MODULE 0,35 MM

For upper and lower eyeliner.  
Needles with a short, wide tip. The 3 needles are arranged  
circular and they are not connected at the tip.

Art.-No.: 14688 // 10 pcs.

# HYGIENE MODULES

## 5-POINT-HYGIENE MODULE ROUND STRONG 0,30MM

For full shading of eyebrows and lip liners.  
Needles with a short, wide tip that are connected at the tip.

Art.-No.: 14689 // 10 pcs.

## 5-POINT-HYGIENE MODULE ROUND SOFT 0,30 MM

For lip contour and eyeliner.  
Needles with a short, wide tip. The 3 needles are arranged circular.

Art.-No.: 14690 // 10 pcs.

## 5-POINT-HYGIENE MODULE SLOPED CARTRIDGE 0,35 MM

For lip shading and shading of the movable eyelid.  
Needles with a short, wide tip. They are flat and diagonally arranged.

Art.-No.: 14691 // 10 pcs.

## 5-POINT HYGIENE MODULE 0,35 MM

Needles with a short, wide tip for full shadings of lips, eyebrows, nipple reconstruction and shading of eyelids using the Dots effect.

Art.-No.: 14695 // 10 pcs.

## 7-POINT-HYGIENE MODULE BLADE 0,35 MM

Needles with a short, wide tip for full shadings of lips, eyebrows, nipple reconstruction and shading of eyelids using the Dots effect.

Art.-No.: 14694 // 10 pcs.

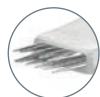

## 7-POINT HYGIENE MODULE 0,30 MM

For lip contours and eyeliner.  
Needles with a short, wide tip. The 3 needles are arranged circular and they are not connected at the tip.

Art.-No.: 14692 // 10 pcs.

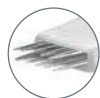

# HYGIENE MODULES

## 11-POINT-HYGIENE MODULE MEDICAL 0,30 MM

For shadings and the nipple-areola effect.  
Needles with a short, wide tip. Needles are arranged flat. The 2nd, 4th, 6th, 8th, and 10th needles are, compared to the other needles, elevated.

Art.-No.: 14693 // 10 pcs.

## 11-POINT HYGIENE MODULE, 0,30 MM

Needles with a short, wide tip for creating a perfect Ombré effect on eyebrows.  
Also suitable for eyelid shading, full shading of lips and nipple reconstruction.

Art.-No.: 14697 // 10 pcs.

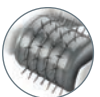

## 9-POINT MICRO NEEDLING ATTACHMENT 0,20 MM

Art.-No.: 14700 // 10 pcs.

## 12-POINT MICRO NEEDLING ATTACHMENT 0,20 MM

Art.-No.: 14699 // 10 pcs.

Needles with a short, wide tip. The needles are arranged round like a "flower" with a 2 mm space between each needle. For skin regeneration treatments in the face and body.

## ROLLER FOR SCALP PIGMENTATION, 56 NEEDLES

The roller has 4 discs, surrounded with 0.25 mm strong needles with a pointed, rectangular edge. The space between each needle is 3 mm. The needle arrangement is in a "Criss Cross" pattern.

It is used for hair follicle stimulation.

Art.-No.: 14696 // 1 pc.

# 1.

## SCALP PIGMENTATION OPTICALLY THICKER HAIR WITH PERMANENT MAKE-UP

LCN PMU Scalp Pigmentation, an effective pigmentation method for larger areas on the scalp.

Many men and women are suffering from loss of hair. This can result in psychological stress. With the LCN Scalp Pigmentation method hair surfaces are optically created and thickened. This presents an ideal solution for thin and sparse hair growth. With the LCN Scalp Pigmentation Method you will tap into new target groups for your salon and increase your turnover.

For this concept we are offering a 1-DAY SEMINAR

Please contact us, we will be happy to advise you!

This PMU technique does not require a surgical procedure and will provide very good optical results after one treatment already. With Scalp Pigmentation we are embedding colour into the scalp with a special attachment consisting of 20 fine multi functional needles made of stainless steel. In so doing the area to be treated will receive an optical result that will appear in a deceptively genuine way.

It is important to do a colour test on the scalp before starting the treatment.

Also available as a

- ❾ 5-POINT-BLADES, SLOPED · Suitable for lip shadings and areola pigmentation. // Art.-No.: 91354

\*Suitable for scalp pigmentation & needling hand piece

# THE NEEDLE-NOZZLE-SYSTEM

Back to Basics. With the Needle-Nozzle-System we are returning to the beginnings of classical and proven pigmenting techniques. These very flexible and fine needles provide very good and less painful results.

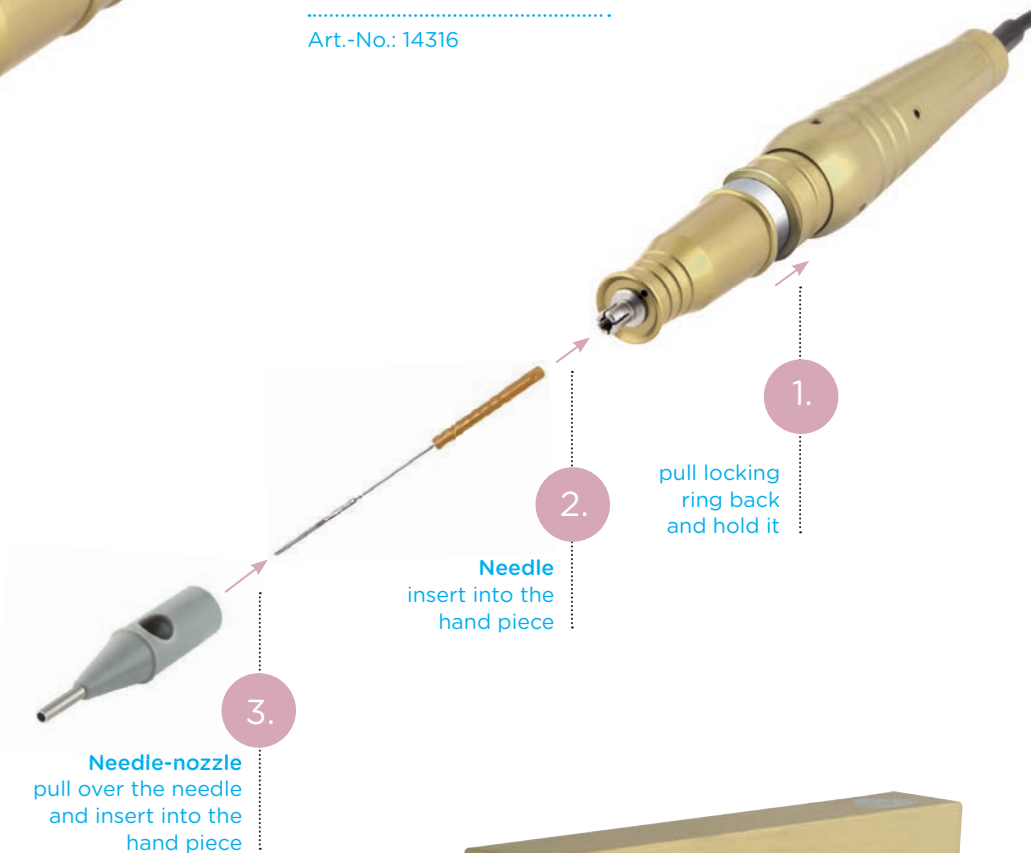

So needles won't move and to guarantee the application of straight lines there will be a matching needle-nozzle for every size needle available. Needle-nozzles (available in plastic or metal) are being mounted onto the hand piece, over the needle, and serve as a stable guidance for Permanent Make-up needles. The needle-nozzles have an opening to fill in colours. Alternatively colours can be picked up with colour pots.

The length of the needle is adjusted by the needle-nozzle as well. Permanent Make-up needles should protrude one to two millimeters when the hand piece is switched on. This will guarantee a precise embedding of Permanent Make-up colours into the skin.

## PLASMA

### A HIGHLY EFFECTIVE AND MINIMAL INVASIVE LIFTING PROCEDURE – AND COMPLETELY WITHOUT SURGERY!

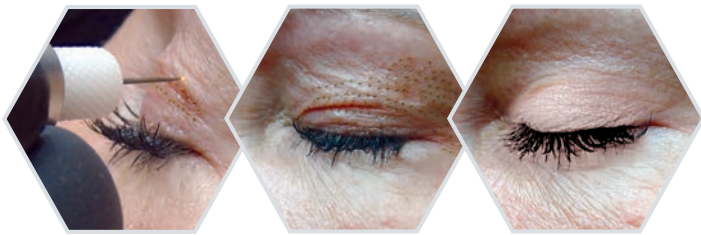

For this concept we are offering a 1-DAY SEMINAR

Please contact us, we will be happy to advise you!

**Plasma-method – the most innovative and effective alternative to skin tightening surgeries.** With this method a plasma flash is generated without direct contact with the skin. This plasma flash generates a tiny vaporisation point. This leads to a contraction

and tightening of the skin. In addition the skin is being stimulated by the plasma as well as being promoted to build new skin cells. The wound healing process takes place after 3–4 days and the crust formed will fall off a few days later. The crust formed has to stay dry during the healing process, which means no use of care products and makeup. The final end result of this tightening process can take up to 3 months. It is important to follow the instructions of the pigmentation specialist.

The plasma pen creates plasma flashes that ...

... leave small vaporisation points on the skin

this leads to skin tightening.

**AFTER CARE PRODUCTS** for Plasma treatments can be found on page 212.

## SOFT PLASMA

### THE GENTLE METHOD OF SKIN TIGHTENING AND WRINKLE REDUCTION

SOFT PLASMA tightens the skin already after one treatment, gently and practically painless.

In order to improve the capacity to absorb, the skin is being prepared with the “square” – applicator. The fine waffle structure enables a deeper and better inclusion of the active ingredients into the skin.

Now apply a serum of your choice, either from the LCN ingredients bar or the Youth Pro ingredients bar and work it into the skin with the “round” – applicator. Gently work it in with circular movements and from the inside out. Movements are like ultra sound treatments. With the “pointy” – applicator you can treat problem areas like wrinkles and scars precisely and effectively.

SOFT PLASMA APPLICATOR “POINTY”

Contents: 3 Soft Plasma applicators: “pointy”, “round” and “square”

Art.-No.: 91255

## SOLO PLASMA PEN NOW ALSO AVAILABLE AS MOBILE-VERSION

With this method a plasma flash is generated without direct contact with the skin. This plasma flash generates a tiny vaporisation point. This minimal invasive method creates a contraction and tightening of the skin. In addition the skin is being stimulated by the plasma as well as being promoted to build new skin cells. The wound healing process takes place after 3-4 days and the crust formed will fall off a few days later. The crust formed has to stay dry during the healing process, which means no use of care products and makeup. The final end result of this tightening process can take up to 3 months.

## NEW: NOW ALSO AVAILABLE AS SINGLE PEN WITHOUT A BEAUTY PAD PRO

With the Solo Plasma Pen you can perform all Plasma treatments. Just connect the power supply of the Plasma Pen to an outlet. This mobile hand piece can also be used with the Soft Plasma attachments.

# 4.

## NEEDLING

### THE COMPLEMENTARY TREATMENT TO THE PLASMA-METHOD FOR OPTIMAL SKIN STIMULATION

For this concept we are offering a 1-DAY SEMINAR

Please contact us, we will be happy to advise you!

In order to support the Plasma Pen treatment optimally it can be useful to apply a needling treatment.

Your pigmentation specialist will create a lifting plan tailor-made for your skins demands. The Beautypad Pro 3.0 offers the possibility to intensify the Plasma treatment results in combination with the Micro Needling method.

During the treatment free periods with the Plasma pen the skin will be treated with the Micro Needling attachment to stimulate collagen and elastin as well as tightening the skin further.

The Beautypad Pro 3.0 can also be used for Micro Needling treatments without the Plasma Pen.

The special attachment consisting of 20 very fine multi-functional stainless steel needles is ideally suitable to treat and reduce scar tissues, stretch-marks and wrinkles.

We recommend the USE of the THREE SERUMS from the LCN ingredients bar

MODULE FOR SCALP PIGMENTATION & NEEDLING

# MICROBLADING // MICRO TAPPING // RUB-IN BROWS

The manual technique for extremely natural eyebrows.

## LCN RUB-IN BROWS THE IDEAL MIXTURE BETWEEN EYEBROW TINTING AND PERMANENT PIGMENTATION!

With “LCN Rub-in Brows” colour is manually worked into the skin by means of a Micro roller. The colour only penetrates the skin's surface which makes this method very gentle and provides an even more natural result. With this innovative method eyebrows can be shaded with the so-called powder technique. Eyebrows are optically filled and compacted. The difference to other pigmentation techniques is that the effect of the “LCN Rub-in Brows” only lasts approx. 6 to 10 months. Therefore, this method is ideal for beginners who have not decided to start permanent pigmentation. In contrast to the common Microblading where fine hairlines are being drawn, we are creating with “LCN Rub-in Brows” a surface shading of eyebrows. With LCN Rub-in Brows you can establish a new group of clients - it is suitable for those who have always been interested in Microblading but never dared to actually have it done. “LCN Rub-in Brows” is suitable for Permanent Make-up newbies as well as professionals. Start now and expand your customer base.

## MICROBLADING - EYEBROWS IN PERFECTION

Microblading a much talked about subject in the area of Permanent Make-up. With this new technique it is possible to create extremely natural looking eyebrows. With this method permanent make-up colours are being worked into the skin with manually used blades. With these blades it is possible to create finest hairline drawings. Depending on the technique used each eyebrow will receive an individual look. So called HD- and 3D eyebrows do not give any indication that they have been created with permanent make-up. Results appear extremely natural, regardless of the amount of natural hair. Today microblading is a much sought-after method on the market for creating eyebrows. LCN offers a sound education and training for Microblading as well as the complete equipment necessary.

## MICRO TAPPING - THE NEW TREND-TECHNIQUE

Many women are dreaming of a completely natural looking Make-up. Micro Tapping offers a new way of pigmentation that appears totally natural. Naturalness should have first priority in Permanent Make-up. This is possible now thanks to this new Soft-Tapping-Technique. With this method pigments are being “pushed”, so to speak tapped, into the skin manually using special blades.

**The results are “hand made”**

- Full shadings of lips
- Powdery shaded eyebrows
- Eyeliners

This new method will offer you various new possibilities. It complements Microblading perfectly.

# STARTER SETS

With the LCN starter sets you are perfectly set up for entering the world of Permanent Make-up. All sets offer a price advantage in comparison with single purchases.

## STARTER SET MICROBLADING SKIN COUTURE

Art.-No.: 92019

## MICRO BLADING HAND PIECE HOLDER

Stylish acrylic pen holder for a hygienic Micro Blading/Micro Tapping work flow

Art.-No.: 14601 // 1 pc.

## MICROBLADING PEN

Every Micro Blader should keep at least two to three hand pieces for commercial use in order to ensure the highest degree of safety and hygiene. All single row blades can be inserted into all standard hand pieces. Which hand piece to choose for Micro Blading depends on personal optical taste as well as preference. The respective Blades are being inserted and fixated into hand pieces at an angle of 30°- 45°.

Art.-No.: 89620 // 1 pc.

## STAINLESS STEEL HAND PIECE

High quality hand piece made of stainless steel. Made of durable, autoclavable material.

Art.-No.: 14623

## WORKING MATERIALS & TOOLS

### HAND PIECE WITH RHINESTONES

Extra lightweight hand piece in a playful design with rhinestones.  
Art.-No.: 14622

### CALIPER "THE GOLDEN CUT"

Thanks to this Caliper we can ideally align the proportions of the golden cut onto eyebrows. The application of the mapping of eyebrows according to the golden cut is a very helpful method to achieve the optimal proportional ratio of eyebrows. It takes multiple applications until all necessary steps are internalized. But, whoever sticks to each single step will be rewarded with a perfect eyebrow drawing.

Art.-No.: 89731 // 1 pc.

# BLADES MICROBLADING

Sterile packaged one-time-use items for Microblading. Compatible with all LCN hand pieces.

## 7-POINT-BLADE

This Blade is ideally suitable for accurate hairline strokes as well as the creation of thin, fine eyebrows. Ideal to hit the exact same hair during rework sessions or to draw delicate hairlines in between. Attention: Due to the small contact area less pressure is needed. Beginners should work extremely carefully with these Blades in order to avoid working too deep.

Art.-No.: 89621 // 0,25mm // 1 Set "flexi" (5 pcs.)

## 11-POINT-BLADE

A Blade for advanced Bladers. 11 fine needles run slanted towards the tip. They are perfectly suitable for fine hairline strokes. In combination with the 7-point Blade they create a very good 3D-Effect.

Art.-No.: 89624 // 0,25mm // 1 Set "flexi" (5 pcs.)

## 12-POINT-BLADE

Standard Blade. This Blade can be used for just about every type of hairline drawings. It is especially suitable for fine hairline drawings and for the creation of accurate, delicately curved eyebrows. Ideal for new Clients - to draw lead hairstrokes. In combination with the 7point Blade finest 3D effects can be created especially for eyebrow reconstruction or with sparse hairgrowth.

Art.-No.: 89622-1 // 0,25mm // 1 Set "flexi" (5 pcs.)

Art.-No.: 89622-2 // 0,25mm // 1 Set "hard" (5 pcs.)

## 14-POINT-BLADE

Beginners Blade. This Blade can be used for just about every type of hairline drawings. It is especially suitable for fine hairline drawings and for the creation of accurate, delicately curved eyebrows. Ideal for new Clients - to draw lead hairstrokes. In combination with the 7-point Blade finest 3D effects can be created especially for eyebrow reconstruction or with sparse hairgrowth.

Art.-No.: 89623-1 // 0,25mm // 1 Set "flexi" (5 pcs.)

Art.-No.: 89623-2 // 0,25mm // 1 Set "hard" (5 pcs.)

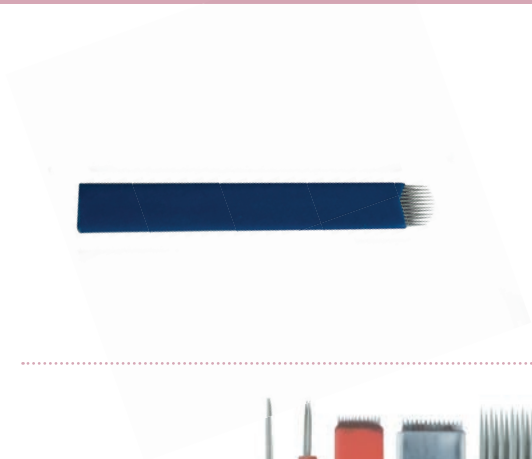

## 18-POINT-BLADE

The 18point Blade has 18 fine needles which are arranged in a U-shape behind each other. This Blade is very versatile and is especially suitable for advanced Micro Blading Artists to create delicate, individually curved and especially natural appearing hairline strokes. They are equally suited for new clients and touch-ups, to draw lead hairlines or to create soft transitions. Ideal for male clients, eyebrow reconstructions and very sparse hair growth.

Art.-No.: 89626 // 0,25mm // 1 Set "flexi" (5 pcs.)

# BLADES MICRO TAPPING

Sterile packed disposable items for Micro Tapping. Compatible with all LCN hand pieces.

## 12-POINT-NANO BLADE U-TYPE

The 12 closely aligned U-shaped (Nano) needles are thinner and sharper than the classic blades (0,2 mm). They are especially suitable to blade even finer hairstrokes than before. With this U-shape you will create the most delicate, curved and completely natural appearing eyebrows. You will achieve best results by using different Microblading blades.

Art.-No.: 14326 // 0,2mm // 1 Set "flexi" (5 pcs.)

## MICRO TAPPING BLADE SET

5 professional Blades combined in a Set for shading eyebrows and for working the Micro Tapping technique.

Contents: 3-point Shading Blade, 1 pc. // 5-point Shading Blade, 1 pc. // 12-point Shading Blade, 1 pc. // 14-point Shading Blade, 1 pc. // 15-point Shading Blade, 1 pc.

Art.-No.: 14624 // Set 5 pcs.

## 5-POINT SHADING NEEDLE

5-point shading blade for Micro Tapping, to create a more dominant, natural eyelash enhancement on the upper and lower eyelid.

Art.-No.: 14626 // 0,3mm // 5 pcs.

## 15ER SHADING BLADE

15er Shading Blade für Micro Tapping. Für Augenbrauen Schattierung im Ombre-Look. In zwei Reihen aneinandergereihte Nadeln.

Art.-No.: 14629 // 0,3mm // 5 Stk. // 10,40€

# BLADES RUB-IN BROWS

Steril verpackte Einwegartikel für Rub-in Brows.

## 10POINT MICROROLLER

Contents: 10 pcs.  
Effect: light, powdery shading

Art.-No. 92027

---

## 7POINT MICROROLLER

Contents: 10 pcs.  
Effect: more compact shading, full shading

Art.-No.: 92017

---

## WORKING MATERIALS & TOOLS

### PERMANENT MAKE-UP COLOUR ACTIVATOR

Activator to dilute LCN Permanent Make-up colours.

Art.-No.: 92431 // 10ml // 1 pc.

### COLOUR REMOVER

For the gentle removal of colour remains during pigmentation, contains camomile.

Art.-No.: 14649-2 // 100ml // 1 pc.

### PERMANENT MAKE-UP VITAMIN GEL

A free of perfume, moisturizing gel with Provitamin B5, Allantoin, an irritation-inhibiting active ingredient derived from Peptides and Enzymes. For the after care following pigmentation, especially around the eyes.

Art.-No.: 14147 // 5ml // 1 pc.

### PERMANENT MAKE-UP SKIN BALM

Special care product for the after care following pigmentation. The balm protects the pigmentation from becoming encrusted and makes the skin soft and elastic.

Art.-No.: 14148 // 5ml // 1 pc.

### SKIN PERFECTING 10% FRUIT ACID PEELING

A skin rejuvenation that can be seen and felt. Glycolic acid – a fascinating super-acid that works where other acids cannot reach: in the deeper skin layers. This glycolic acid peeling with an acid contents of 10 % and a PH-value of 3,5 can be applied before Micro Needling treatments to loosen cornification and dead skin cells. This peeling prepares the skin optimally for the penetration of the active ingredients to follow. Glycolic acid is suitable for all skin types with the exception of extremely sensitive skin.

Art.-No.: 91016 // 50ml // 1 pc.

### FRUIT ACID NEUTRALIZER

To be used immediately after the treatment with the Skin Perfecting 10 % Fruit Acid Peeling. The neutralizer regulates the pH-value and reinstates the skins balance. The panthenol contained provides an immediate soothing effect to the skin.

Art.-No.: 91017 // 50ml // 1 pc.

### APPLICATION

#### Peel!

Apply Skin Perfecting 10 % Fruit Acid Peeling on the skin and leave, depending on the treatment, for 4-8 minutes under constant watch.

#### Neutralize!

It is recommended to neutralize this acid twice with the Fruit Acid Neutralizer. Neutralize until there are no more small white bubbles forming. Neutralize even before the recommended application time should clients experience a strong burning sensation or should the skin turn blotchy. For sensitive customers remove the acid first with a compress and then neutralize.

Caution if you are dealing with thin and sensitive skin! It must always be neutralized! The application time of the acid should be maximum 4 - 6 minutes if applied before a Needling treatment. Treatments are exclusively for professional salon treatments and always need a training first.

# WORKING MATERIALS & TOOLS

## 3D-TRAINING STENCIL LIPS

Training skin for Permanent Make-up.

Art.-No.: 14548 // 1 pc.

## 3D-TRAINING STENCIL EYELIDS AND EYEBROWS

Training skin for Permanent Make-up

## TRAINING STENCIL MIXED

Training skin for pre-drawing Permanent Make-up of lips and eyebrows. Usable on both sides.

Art.-No.: 14620 // mixed // 1 pc.

## TRAINING STENCIL, PLAIN

Plain training skin for pre-drawing Permanent Make-up, usable on both sides.

Art.-No.: 14619 // blanko // 1 pc.

## TRAINING STENCIL BREAST

Training skin for medical breast pigmentation.

Art.-No.: 14297 // 1 pc.

# WORKING MATERIALS & TOOLS

## TEMPLATES FOR NIPPLE PIGMENTATION

Templates made of acrylic, for the pre-drawing of a nipple or areola f.e. for a reconstruction after surgery.

Ø: 35mm, inside circle: 14mm

Art.-No.: 14333 // 6 pcs.

## EYEBROW PENCIL

Eyebrows can be shaped perfectly with this eyebrow pencil in a medium soft texture. Available in the following colours: (-10) brunette, (-20) londe. Suitable for pre-drawing Permanent Make-up applications. Please quote the respective colour number.

Art.-No.: 46073-.. // 1 pc.

## LIP LINER PENCIL

Lip Liner pencil to create beautiful Make-up for lips. The texture is easy to apply with a high colour density. Available in the following colours: (-10) natural nude, (-20) intensive rouge. Suitable for pre-drawing Permanent Make-up applications. Please quote the respective colour number.

Art.-No.: 46215-.. // 1 pc.

## SHARPENER

Sharpener for all thin wooden pencils in the LCN make-up assortment.

Art.-No.: 88110 // 1 pc.

# WORKING MATERIALS & TOOLS

## EYE MAKE-UP REMOVER

Mild, oil-free eye make-up remover. Suitable for sensitive skin. Removes waterproof mascara. Perfumefree.

Art.-No.: 43062 // 100ml

## PRE-DRAWING PENS

Available in three different colours for the pre-drawing of Microblading and Permanent Make-up. For sharpening just pull the string to loosen the windings. Remove the loosened winding until the desired lead length is exposed. Sharpen the exposed lead with the blades from both sides until a flat "duck snout" has been formed.

Art.-No.: 14650-1 // grey // 1 pc.

Art.-No.: 14650-2 // natural brown // 1 pc.

Art.-No.: 14650-3 // brown // 1 pc.

## BLADES FOR PRE-DRAWING PENS

Excellent to sharpen pre-drawing pens as well as cleaning up unnecessary eyebrow hairs.

Art.-No.: 14651 // 10 pcs.

## MICRO BRUSH

Also suitable for a delicate application or removal of Permanent Make-up Colours and care products

Art.-No.: 45032 // 100 pcs. // 1 box

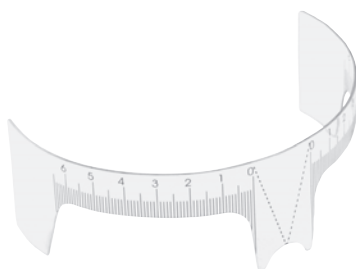

# WORKING MATERIALS & TOOLS

## RODS

Lintfree versatile sticks. Thanks to their soft and slightly slanted tip even difficult to reach areas can be treated delicately. Suitable to cleanse and degrease lashes in preparation for the Lashes-Adhesion technique. Also ideally suitable to work in and remove Permanent Make-up colours.

Art.-No.: 45042 // 100 pcs. // 1 Package

## EYEBROW RULER

Curved ruler for the precise measurement of all the important and necessary points when drawing eyebrows.

Art.-No.: 14621 // 1 pc.

## MAGNIFYING GLASSES

These elegant LCN magnifying glasses with a 2-times magnification and exchangeable magnifying lenses enables detailed work, an extremely wide field of vision and optimal visual contact to your customer. The high quality and very light weight offers a high wearing comfort during Permanent Make-up treatments. Delivered in an elegant case.

Art.-No.: 14652

## EXCHANGEABLE LENSES

Art.-No.: 14655 // 2.5 · Art.-No.: 14656 // 3.0

## BRUSH

Brush to authentically pre-draw hair strokes with the pigment colour.

Art.-No.: 21035-1 // 8 mm

# WORKING MATERIALS & TOOLS

## UNIVERSAL DISPLAY

This display offers space for up to 66 different products like 8ml Nail Polish, 8ml Nail Care products or even Permanent Make-up colours. A small, compact display made of high quality acrylic.

Art.-No.: 90407\* // empty

# HYGIENE

## AFTER CARE FOR PLASMA TREATMENTS

### OCTENICARE® REPAIR CREAM

NEW! Skin cream to nourish and protect sensitive and irritated skin. Nourishes epithelised wounds. Supports the natural skin regeneration process with panthenol. Free from perfume and colourings. Dermatologically tested. Especially suitable during wound regeneration phases. Optimally suited as supplementary products during wound healing processes. Nourishes and protects sensitive and irritated skin.

Art.-No.: 70185 // 50 ml // 1 pc.

## AFTER CARE FOR PLASMA TREATMENTS

### OCTENISEPT® GEL

NEW - now also available as gel! Suitable for acute wounds and minor burns as well as sunburns and itchininess. Provides wounds optimally with moisture. Promotes the healing process. Does not burn during application. Relieves itchininess. Contains Octenidin. Octenidin used as conserving agent deactivates germs in this gel and therefore builds-up a protective barrier against the invasion of germs.

Art.-No.: 70186 // 20ml

Only available in Germany!

### OCTENISEPT® WOUND-DESINFEKTION\*

Antiseptic for the treatment of wounds. Long lasting disinfectant effect. Protects against wound infections. Promotes wound healing. Painless application. Very good for children and infants.

Art.-No.: 70017 // 50ml // 1 pc.

Only available in Germany!

### FACE MASK WITH WIRE

Practical face mask with integrated wire. This mask adjusts itself to any facial feature.

Art.-No.: 91794 // 50 pcs.

### DISPOSABLE GLOVES

Hygiene article. Available in the following sizes: (S) and (M). Vinyl gloves also available in size (XS). Please specify size when ordering.

EFFECT: Protection for user

Art.-No.: 32614-.. // Nitril, pink, 100 pcs.

## Obligatory wording for approved medication according to § 4 HWG

**\*octenisept® Wound-Disinfection • Composition:** 100 g solution contains: medically active ingredients: Octenidindihydrochlorid 0,1 g, Phenoxy- ethanol (Ph. Eur.) 2,0 g. Other ingredients: 2-[(3-Coconut fatty acid amidopropyl)dimethylazaniumyl]acetate , sodium -D-gluconate, Glycerol 85 %, Sodium chloride, Sodium hydroxide, purified water. - **Areas of application:** For repeated, time restricted support of antiseptic wound treatments. - **Contra indications:** hypersensitivity against medically active ingredients or any of the other ingredients. octenisept® Wound-Disinfection should not be used for flushing of the abdominal cavities (f.e. intraoperative), the bladder and the eardrum. - **Side effects:** As subjective symptoms there can be in rare cases a temporary burning sensation. In isolated cases contact allergies can occur like f.e. reddening of the area treated. Inform your physician or your chemist, should you notice side effects that are not listed here. - **Warnings and special precautionary measures concerning the application:** In order to prevent possible tissue damage this product must not be applied under pressure or injected. In case of wound cavities a drainage must be guaranteed at any time (f.e. drainage, bracket). Do not swallow large amounts of octenisept® Wound-Disinfectant and do not introduce it into the blood stream f.e. accidental injection. Avoid the use of octenisept® Wound-Disinfection at the eye. Rinse eyes with a lot of water should there be accidental contact.

90516	100 pcs.

### kodan® tincture forte colourless

Ready to use skin antiseptic with a minimum effect of 24 hours.

- Broad antiseptic range of effects (bactericidal incl. mycobacteria and MRSA, fungicidal, virucidal with limited effectiveness incl. HIV, HBV, HCV, HSV)
- Very fast onset of effect
- Very good skin compatibility

Only available in Germany!

Art.-No.	Contents
70140	250 ml

### kodan® wipes

Ready to use disinfecting tissues for disinfection and cleaning of surfaces.

- Short contact time
- Universally usable
- Dermatologically tested

kodan® (N) wipes are suitable for extensive disinfection of non medical surfaces.

For example:

- Door handles
- Work surfaces
- Toilet areas
- Diaper changing mats

Use disinfectant with care. Always read the label and product information before use.

BAuA Reg.-No.: N-76918

Only available in Germany!

Art.-No.	Contents
70150	1 Box (90 wipes)
70151	1 Refill (90 wipes)

**octenisept® wound disinfection**

Antiseptic for the treatment of acute wounds

- Long lasting disinfecting effect
- Protects against wound infections
- Promotes the wound healing process
- Painless administration

Only available in Germany!

Art.-No.	Contents
70017	50 ml with folding box

**octenisept® Gel**

For acute wounds and minor burns as well as sunburns and itchiness.

- Provides wounds optimally with moisture
- Promotes the healing process
- Does not burn during application
- Alleviates itching
- Contains Octenidin. The conserving agent Octenidin deactivates germs within the gel and is thereby building a protective barrier against the invasion of germs.

Only available in Germany!

Art.-No.	Contents
70186	20 ml

**octenicare® repair cream**

Protection and intensive care for stressed and sensitive skin

- Nourishes stressed, dry and scaly skin
- Nourishes epithelised wounds
- Protects against moisture and inhibits odour forming germs, for example in cases of incontinence
- Compatible with the octenisan® products (preventative washing)
- Very good skin compatibility
- Panthenol supports the natural skin regeneration, provides smoothness and elasticity
- Bisabolol has an anti-inflammatory and skin soothing effect
- Dermatologically tested
- Free of perfume and colouring

Art.-No.	Contents
70185	50 ml

**gigasept® instru AF**

gigasept® instru AF, aldehyde free disinfection and cleaning compound for instruments.

Only available in Germany!

Art.-No.	Contents
70040	2 L

**rotasept®**

Ready-to-use disinfecting and cleaning bath for rotating instruments.

Only available in Germany!

Art.-No.	Contents
70041	2 L

**quartamon® med**

Liquid disinfection concentrate on the base of quaternary ammonium compounds for the disinfection and cleaning of medical products and surfaces of all kinds.

- VAH-listed
- Aldehyde-free
- Especially good cleaning properties
- Fresh scent

Use disinfectants with care. Always read label and product information before use.

Art.-No.	Contents
70023	2 L

**Instrument bowl**

Instrument bowl for sterilizing instruments, inclusive drip tray  
Filling capacity: 3 liters

Art.-No.	Contents
70090-2	3 L

**Drill bath bowl**

Practical container with drip tray.  
Measurements: L: 8 cm - W: 6 cm - D: 7, 3 cm

Art.-No.
54055

**Ultrasound unit, large**

Large ultrasound unit to clean instruments, drill bits and accessories.

Size: 290x223x185mm  
 Tank size: 250x150x80mm

Protect yourself as well as your customers with the LCN Protective Shield.

Measurements: 55 x 85 cm (HxB)  
Total height: 70 cm  
3 mm strong, high quality acrylic, washable.

Art.-No.  
91728

## Obligatory wording for approved medication according to § 4 HWG

**desderman® pure · Composition:** 100g solution contains: medically active ingredients: 78,2g Ethanol 96%, 0,1g Biphenyl-2-ol. Other ingredients: Povidon 30, Isopropylmyristat (Ph.Eur.), (Hexadecyl/octadecyl) (2-ethylhexanoat), Sorbitol-solution 70% (crystallising) (Ph.Eur.), 2-Propanol (Ph. Eur.), purified water. – **Areas of application:** hygienic and surgical hand disinfection. Ethanol and Biphenyl-2-ol act against bacteria (incl. Myco-bacteria), fungus and many viruses. The effectiveness of desderman® pure against viruses includes enveloped viruses (classification "limited virucidal") and rotavirus. – **Contra indications:** hypersensitivity against medically active ingredients or any of the other ingredients. Do not get into contact with mucous membranes. – **Side effects:** Occasionally it can cause side effects typical for alcohol based hand disinfectants. For example skin irritations like redness or dryness. In most cases these reactions will disappear after 8-10 days even during continued applications. Contact allergies can occur. Inform your physician or your chemist, should you notice side effects that are not listed here. **Warnings and special precautionary measures concerning the application:** For external use only. Rinse your half open eyes for several minutes with a lot of water should there be accidental contact with desderman® pure. Flash point according to DIN 51755 16°C. Highly flammable. Do not come into contact with an open flame. Immediate measures have to be taken to prevent fire and explosion after spillage of this disinfection solution. Suitable measures would be to absorb the spilled liquid and dilute it with water, ventilate the room as well as removing all sources of ignition. A possible decanting is only possible under aseptic conditions.

\*Certified against test viruses BVDV (surrogate viruses for Hepatitis C viruses) and vaccinia viruses. Results based on current knowledge lead to the conclusion that it is effective against other enveloped viruses like for example Hepatitis B, HI-Virus.

**Pharmaceutical entrepreneur and manufacturer:** Schülke & Mayr GmbH, D-22840 Norderstedt, Tel. +49 40 52100-0, info@schuelke.com

**octenisept® Wound-Disinfection · Composition:** 100g solution contains: medically active ingredients: Octenidindihydrochlorid 0,1g, Phenoxy- ethanol (Ph. Eur.) 2,0g. Other ingredients: 2-[[3-Coconut fatty acid amidopropyl]dimethylazaniumyl]acetate, sodium -D-gluconate, Glycerol 85%, Sodium chloride, Sodium hydroxide, purified water. – **Areas of application:** For repeated, time restricted support of antiseptic wound treatments. – **Contra indications:** hypersensitivity against medically active ingredients or any of the other ingredients. octenisept® Wound-Disinfection should not be used for flushing of the abdominal cavities (f.e. intraoperative), the bladder and the eardrum. **Side effects:** As subjective symptoms there can be in rare cases a temporary burning sensation. In isolated cases contact allergies can occur like f.e. reddening of the area treated. Inform your physician or your chemist, should you notice side effects that are not listed here. – **Warnings and special precautionary measures concerning the application:** In order to prevent possible tissue damage this product must not be applied under pressure or injected. In case of wound cavities a drainage must be guaranteed at any time (f.e. drainage, bracket). Do not swallow large amounts of octenisept® Wound-Disinfectant and do not introduce it into the blood stream f.e. accidental injection. Avoid the use of octenisept® Wound-Disinfection at the eye. Rinse eyes with a lot of water should there be accidental contact.

**Pharmaceutical entrepreneur and manufacturer:** Schülke & Mayr GmbH, D-22840 Norderstedt, Tel. +49 40 52100-0, info@schuelke.com

**kodan® Tincture Forte colourless · Composition:** 100g solution contains: medically active ingredients: 2-Propanol (Ph.Eur.) 45,0g, 1-Propanol (Ph.Eur.) 10,0g, Biphenyl-2-ol 0,20g. Other ingredients: hydrogen peroxide solution 30% (Ph.Eur.), purified water – **Areas of application:** Skin disinfection before surgeries, catheterisation, blood – and fluid removal, injections, punctures, excision, cannulation, biopsy and others. For the treatment of sutures. For hygienic hand disinfection. As a support in general hygienic measurements for the prevention of fungus of the skin. The medically active ingredients 2-Propanol, 1-Propanol and Biphenyl-2-ol are effective against bacteria (incl. Myco bacteria), fungus and many viruses. The effectiveness of kodan® Tincture forte colourless against viruses includes enveloped viruses\* (Classification "limited virucidal"). – **Contra indications:** Do not use for surgical hand disinfection. Hypersensitivity against one of the medically active ingredient or any other ingredient. – **Side effects:** Skin irritations like reddening, burning and dryness can occur especially when used frequently. In rare cases contact allergic reactions are possible. Inform your physician or your chemist, should you notice side effects that are not listed here. – **Warnings and special precautionary measures concerning the application:** For external use only. Keep away from open flames or electrical heaters that are switched on. Leave kodan® Tincture Forte colourless to dry before applying dressings. Apply thermocautery only after the skin area disinfected with kodan® Tincture Forte colourless has completely dried. Rinse your half open eyes for several minutes with a lot of water should there be accidental contact with kodan® Tincture forte colourless. Based on the high amount of alcohol kodan® Tincture forte colourless should not be used on premature babies and newly born babies due to their immature skin (f.e. reduced barrier function).

\*Certified against test viruses BVDV (surrogate viruses for Hepatitis C viruses) and vaccinia viruses. Results based on current knowledge lead to the conclusion that it is effective against other enveloped viruses like for example Hepatitis B, HI-Virus.

**Pharmaceutical entrepreneur and manufacturer:** Schülke & Mayr GmbH, D-22840 Norderstedt, Tel. +49 40 52100-0, info@schuelke.com

**desmanol® care 700mg/g + 99mg/g, solution · Composition:** 100g solution contains medically active ingredients: Propan-2-ol 70,0g, Ethanol 96% 9,9g; other ingredients: purified water, Tetradecan-1-ol, Cetylstearylalkohol (Ph. Eur.), Sorbitol-solution 70% (crystalised) (Ph. Eur.), Dexpantenol, Methylglyketon. – **Areas of application:** Hygienic and surgical hand disinfection. The medically active ingredients Propan-2-ol and Ethanol act against bacteria (incl. Myco bacteria), fungus\* and many viruses. The effectiveness of desmanol® care against viruses includes enveloped viruses (classified "limited virucidal")\*\*. – **Contra indications:** desmanol® care is not suitable for the disinfection of open wounds, for the antiseptic of mucous membranes and for application in the immediate vicinity of eyes. Do not use in case of a known hyper sensitivity against one of the active ingredients. – **Side effects:** When rubbed onto the skin, desmanol® care can cause reddening and a slight burning sensation. Allergic reactions (f.e. contact eczema) are possible. – **Warnings and special precautionary measures concerning the application:** Do not spray into open flames. Keep away from ignition sources. Highly flammable. Do not swallow! In case of contact with the eyes rinse immediately with a lot of water. desmanol® care contains Cetylstearylalkohol.

\*Certified against test viruses BVDV (surrogate viruses for Hepatitis C viruses) and vaccinia viruses. Results based on current knowledge lead to the conclusion that it is effective against other enveloped viruses like for example Hepatitis B, HI-Virus.

furniture

## FURNITURE

### Nail Design Table, single

Measurements: W= 170 cm D = 50 cm H = 95 cm

- > Integrated dust extraction
- > Firmly mounted storage container with 3 drawers
- > Practical opening for light units
- > Cable feed-through openings in the work surface
- > Width of work space: 100 cm
- > Incl. 7 outlets
- > The armrest can be removed for manicure treatments
- > Option: Workstations can also be ordered with a depth of 60 cm.  
Different measurements available at an additional charge.
- > Slimline Lamp optional

#### Contents

Art.-No.	Replacement synthetic fibre
81289SP-2	fleece cell
5088	Replacement activated carbon
5087	filter cell

### Nail Station Table

High quality manicure station from LCN. Perfect design meets functionality. At this elegant nail station you can attend to your clients in pure comfort.

Advantages:

- Practical drawer
- Cable passage integrated into the work surface
- Connection for a 4-way outlet
- A Slimline lamp can be integrated (optional)
- Attractive and modern design
- With a coating especially suitable for workflows at a manicure table
- Storage space for utensils

Optional: Delivery also possible with a strong but still quiet dust extractor

Measurements: W: 130 cm H: 78 cm (floor to upper edge of work surface)

D: 50 cm

MADE IN GERMANY

Art.-No.  
90453

### Sales Counter

Measurements: W = 220 cm D = 50 cm H = 110 cm

- > Generous Sales and Presentation surface
- > Practical shelf to store handbags
- > Generous storage space
- > Different measurements available at an additional charge.

 MADE IN GERMANY

Art.-No.  
87280

### Sales shelf, single element

Measurements: W = 120 cm D = 35 cm H = 213 cm

- > Closed storage space at the bottom, at the top and the sides
- > 1 revolving door each, right and left
- > 4 glass shelves
- > Wall mounting is required

 MADE IN GERMANY

Art.-No.  
89335SP-1

**Sales shelf, double element**

Measurements: W = 220 cm D = 35 cm H = 213 cm

- > Closed storage space at the bottom, at the top and the sides
- > 1 fixed center section and 2 revolving doors each, right and left
- > 4 glass shelves each
- > Wall mounting is required

Art.-No.  
89336SP-1

 MADE IN GERMANY

**Working chair with saddle seat, white**

Measurements: W= 55,5cm D= 34cm H= 77cm – 85cm

- > 360° free movement
- > Upholstered seat and back
- > With saddle seat and adjustable backrest
- > Continuous back and seat inclination
- > Chrome-plated bracket
- > Plastic back handle
- > Gas spring TÜV approved
- > Large aluminium base (ø 61 cm)
- > Soft floor casters with chrome trim
- > Height adjustable

Art.-No.  
91703

### Customer chair white with logo

Customer chair with padded imitation leather seat and a backrest with a breathable net cover. This chair is adjustable in height.

Art.-No.  
92428

### Deluxe Pedicure Chair

This comfy and spacious pedicure chair promises your customers a pleasant treatment and provides instant relaxation. Both head rest and foot rest can be adjusted for an optimal wellness feeling. The seat rotates up to 90 degrees to provide easy access. Due to its "Whirlpool" function this chair provides an additional sense of relaxation.

- Inclusive foot bath
- Whirlpool function
- High quality design
- Comfortable and spacious
- Armrest with integrated cup holder
- Headrest and footrest adjustable
- Seat rotates up to 90 degrees
- Foot bath made of high quality material and features a modern hand shower
- Connections at the back of the chair
- Easy to clean foot bath
- No floor connection necessary!

Measurements: Width: 1,24m, Height: 1,50m, Depth: 1,25m

Art.-No.  
91985

### Foot Care chair, white

This innovative pedicure chair with 3 motors sets a new ergonomic standard. It promises perfect comfort for both customer and pedicurist. Due to the separated and adjustable leg rests this chair provides ergonomical working conditions regardless if standing or sitting. The height of the chair can be adjusted electrically, which allows easy seating. In addition the back rest can be adjusted electrically as well. Individual adjustment of the headrest for a special comfort. The high quality easy to clean imitation leather cover offers easy comfort.

Measurements: 580-780 x 670-870 x 1900 mm (W x H x D)

Art.-No.  
85422SP

### Cosmetic bed

Multifunctional cosmetic bed with 4 motors for facials, massages and permanent make-up. Simultaneous electrical adjustments of the backrest and footrests. Individual adjustment of the headrest for special comfort. The height of the chair can be adjusted electrically which ensures easy seating. The high-quality, imitation leather cover is easy to clean and offers easy comfort.

Measurements: 650-920 x 630-1.000 x 1820 mm (W x H x D)  
Maximum load: 200 kg

Art.-No.  
85423SP-2
